

Kindergartners Need a Shield of Protection!

Immunizations help protect students as they learn and grow! Your child is **required** to have proof of immunization before they can start kindergarten.

Schedule an appointment with your doctor or come to the Buncombe County Health & Human Services Immunization Clinic to get immunizations.

GET THE FACTS YOU NEED.

Is your child ready for kindergarten?

Give them a shield of protection with the required immunizations!

VACCINE

NUMBER DOSES REQUIRED

Diphtheria, Tetanus and Pertussis (DTaP) 5 doses

Polio 4 doses
4th dose is required ON or AFTER your child's 4th birthday before entering kindergarten

Measles, Mumps, Rubella (MMR) 2 doses

Haemophilus Influenzae type B (Hib) 4 doses

Hepatitis B (Hep B) 3 doses

Varicella (chickenpox) 2 doses
1st dose between 12 to 19 months of age
2nd dose given at least 28 days later and before entering kindergarten OR a physician note verifying the date your child had chickenpox
