## Feature Information

<b>GNIS Feature ID:</b>	-
<b>Feature class:</b>	STREAM
<b>Descriptive information:</b>	Stream starts in the East West Asheville Neighborhood and flows into the French Broad River less than a mile later. It is in a deep ravine, surrounded by houses on both sides. It flows west-to-east, arriving at the French Broad at: Lat: 35.587230/Long: -82.570875. The channel has probably been moved at some point. It currently flows underground across the New Belgium property, but they have agreed to daylight it and incorporate it into their brewery site.
<b>Meaning or significance:</b>	The Penland Auction House was a legend in the Asheville area. Starting in the 1950s, weekly auctions were held there. The auction house has been torn down to make room for the New Belgium Brewery, and the stream flows through the New Belgium property right beside the site of the old auction house.
<b>Commemorative:</b>	No
