BUNCOMBE COUNTY, NORTH CAROLINA
BUDGET AMENDMENT
GENERAL FUND

BOARD MEETING DATE: 09/19/2017

Requesting Department:	Health & Human Services
Budget Amendment Item:	Healthy Communities Funding

Background Information:
The Budget Amendment enables the local health department to implement community-based interventions that address poor nutrition, physical inactivity, tobacco use, violence and unintentional injury, and chronic disease screening and management. The leading preventable causes of death in the state are tobacco use, unhealthy diet, inadequate physical activity, poor chronic disease management, and unintentional injury. The Healthy Communities program seeks to address the risk factors related to these causes of death. The program provides counties with resources to develop and implement policy, systems, and environmental change interventions that improve local food systems, increase food security, promote active living through planning, reduce and prevent tobacco use, and prevent chronic diseases, violence, and injuries. Buncombe County HHS will use these funds to support Diabetes Self-management Education and Support, healthy eating, mental health first aid trainings, and community data sharing efforts.

Funding Source:
Additional Federal funding with no additional county resources required.

THE FY2018 BUDGET ORDINANCE IS HEREBY AMENDED TO REFLECT THE FOLLOWING CHANGES:
