The Vice Chair opened the hearing at 5:29 p.m.

An unidentified women questioned what was changing with this text amendment.

Jerry Rice said he was confused by the description of this change.

Mr. Pennington said that this section simply cross referenced the correct state statute.

2. Mr. Pennington explained that this text amendment involved off-street parking requirements and the deletion of obsolete language and uses--a modernization change.

3. Mr. Pennington said the final requested text amendment involved the requirement of a traffic impact analysis. This amendment would require the traffic impact analysis for conditional use permits for multifamily dwellings of 75 units or more for actions before the Board of Adjustment. The Planning Board approved this recommendation.

Commissioner Whitesides asked about the cost of the study and how it might impact affordable housing. He felt this should be required for 100 units or more.

Mr. Pennington said that the recommendation of 75 was based on a review of the trending applications, pointing out that many developers were submitting traffic studies without being required.

Vice Chairman opened the hearing at 5:47 p.m.

Carter Webb, President of the Oak Forest Property Owners Association, said that he lived off Overlook Road which was in the County but surrounded by the City. The Association was recently concerned about a proposed 198 apartment complex planned for the area and wanted a traffic study. He asked the Board to support the requirement for a traffic study for a minimum of 75 units. He told of a dangerous traffic incident on Overlook Road. He felt that the traffic study was reasonable and pointed out that the units being built were not affordable housing units.

Jerry Rice agreed with Mr. Webb and expressed his concern with all the apartments being built.

The Vice Chairman closed the hearing at 5:52 p.m.

Mr. Pennington said that the state standard was lower than what the amendment was proposing.

Commissioner Frost thanked Mr. Webb for his work and endorsed the 75 homes limit.

Commissioner Frost moved to approve the recommendation of the Planning Board as presented finding it consistent with the Land Use Plan, reasonable and in the public interest. Commissioner Whitesides seconded and the motion passed 6-0.

- **Request for Rezoning R-2 to R-3 Hawkins at 258 Starnes Cove Road**
