I hereby certify that all information in this application is correct and all work will comply with the State Fire Code and all other applicable State and local laws and ordinances and regulations. The Asheville Fire and Rescue Department will be notified of any changes in the approved permit and specifications for the activity described herein. Before a operational permit is approved, the fire code official is authorized to inspect the receptacles, vehicles, buildings, devices, premises, storage spaces or areas to be used to determine compliance with this code or any operational constraints required. I agree to allow all needed site inspections. Issued permits shall be kept on the premises designated therein at all times and shall be readily available for inspection by the fire code official. If the application for a permit describes a use that does not conform to the requirements of this code and other pertinent laws and ordinances, the fire code official shall not issue a permit, but shall return the application to the applicant with the refusal to issue such permit. Such refusal shall, when requested, be in writing and shall contain the reasons for refusal.
