Background Information

Mountain Mobility, Buncombe County's Community Transportation System, is designated by the NCDOT-Public Transportation Division as the lead transportation provider for community transportation in Buncombe County. This Public Hearing and Resolution relate to Buncombe County's annual grant application to the NCDOT for funds under the Rural Operating Assistance Program (ROAP). The ROAP application is due to the NCDOT no later than September 30, 2011.

The ROAP Program consolidates the application process for three state grant programs: the Elderly and Disabled Transportation Assistance Program (EDTAP), the Employment Transportation Assistance Program, and the Rural General Public (RGP) Program. A chart outlining Proposed Uses for FY 2012 ROAP funds is provided for review and comment.

The public hearing will provide an opportunity for local input regarding the proposed use of ROAP funds. Interested persons, including minorities, women, elderly, disabled, those with limited English proficiency, low-income individuals, and the general public, are invited to offer comments regarding the availability of and proposed uses of ROAP funds to meet transportation needs in the County.

Funds/Staff requested:

There is a 10% match requirement for RGP funds. Match funds are available from passenger fares and within the current approved budget.
