Narrative summary of grant related activities

Please provide a brief summary (no more than 1500 characters). You may attach supplemental documents if needed.

Quarter 1	We secured a total of 8 vouchers for the community this quarter. An original award of 3 was granted. As more youth were identified, we were able to secure 2 more in a second round and 3 more in a third round. The first 5 vouchers were secured at the beginning of the fiscal year. Those 5 were slated for 5 individuals but we have had a lot of high needs in the foster care population and have re-assigned several of those vouchers. The last 3 were only secure in the last week of September and have not been assigned to particular individuals yet. From the original 5, 3 have completed voucher orientation. 2 of the 3 have identified units and are waiting for move-in.
Quarter 2	We have continued to have strong referrals and have had strong participation from clients already in the program. At the end of the quarter, of the 8 vouchers, 3 people have successfully moved in to their apartments and have stayed consistently engaged with the program since obtaining housing, 1 additional has secured a unit and would have moved in except a delay due to physical health needs, 3 have turned paperwork into housing authority awaiting voucher orientation, and 1 is awaiting IDs to turn in paperwork.
Quarter 3
