Introduction

North Carolina law¹ allows a local health department to charge fees for services as long as:

1. Service fees are based on a plan recommended by the Health Director. This plan is approved by the Board of Health and the County Commissioners.
2. The health department does not provide the service as an agent of the State.
3. And the fees are not against the law in any way.

The State requires health departments to provide certain services, and no one may be denied these services. It is in the best interest of our community for the Department of Health to:

1. First assure that all residents can get all legally required public health services.
2. Then provide as many other recommended and needed health services as possible, within the resources we still have available to use.

The purpose of charging fees is to increase resources and use them to meet residents' needs in a fair and balanced way. Fees are necessary to help cover the full cost of providing recommended and needed health services. We consider the market rate, cost of service and Medicaid rate when establishing fees.

The information in the document below is the fee plan for FY17, effective on July 1, 2016. This Billing Guide for FY17 replaces all earlier plans. Fees may change during the year. You may request a list of current fees at any time.

Fees

General Information

The Department of Health charges and collects fees for most of its services.

- All fees are the responsibility of the client or responsible party.
- We accept cash and major credit or debit cards for payment of all fees.
- Most fees – but not all – can also be paid by check.
- Full payment is expected at the time of service.
- Clients will be informed of their account status at each visit.
- An itemized receipt will be provided to clients at time of payment.
- Under some conditions of client need, we can arrange a payment plan.

The Department of Health provides some services at no cost to the client. (There may be eligibility requirements.) Some examples are:

- WIC nutritional support services
- Certain immunizations for children
- Health education services
- Tuberculosis (TB) screening and treatment support
- Sexually transmitted disease (STD) testing and treatment
- Contagious disease investigations

We may bill Medicaid, Medicare or insurance for these services. There may be separate fees – for the client or a third-party payer – for medications, supplies, lab services, X-rays and/or other medically related services.

¹ North Carolina General Statute 130A-39(g)

Payment by a “Third Party” – Medicaid, Medicare and Insurance

- State rules require the Department of Health to bill participating third party payers for services we provide. Current participating providers are:
 - Medicaid
 - Medicare
 - NC Health Choice
 - Blue Cross Blue Shield (except Blue Care)
 - Cigna
 - United Healthcare (except Managed Care Plans)
 - MedCost
 - Aetna
- As a courtesy to clients, we may bill non-participating third party payers for medical services provided. The client is ultimately responsible for any uncovered charges (i.e., out-of-network and deductibles).
- Clients who have health insurance must show a valid insurance card when they come for their medical appointment.
- Whenever possible, we will determine if a client is eligible for Medicaid.
 - Clients must present all social security numbers and names they have used for employment purposes.
 - Social security number and name will be used *by authorized staff only* for online income verifications.

Payment by Client

- The client is responsible for paying charges that are not covered by third-party payers (insurance plans, including Medicaid and Medicare).
- The client pays any insurance co-pay amounts at the time of services.
- The Department of Health mails a bill to clients based upon below.
 - Quarterly bills are mailed for accounts with a balance between \$5 and \$24.99.
 - Monthly bills are mailed for accounts with a balance \$25 and greater.
 - Bills are not sent for "confidential services", regardless of account balance.
- A payment plan can be arranged, when a client shows good cause for needing one.
- Clients with low income may qualify for a reduced fee, based on a **sliding fee scale** for certain services (detail in Appendix 1, below).

Family Planning Billing Policy for Self Pay and Third Parties

- Where a third party is responsible, bills are submitted to that party.
- Third parties authorized or legally responsible to pay for clients at or below 100% of the Federal Poverty Level are properly billed.
- Third party bills show total charges without any discounts.
- Insured clients cannot be charged more in copayments, deductibles or other fees, than what they should be paying according to the schedule of discounts.

Account Collections and Delinquent Accounts

Payment for Services

Clients are expected to make payment at the time they receive services, and/or to provide up-to-date information about their 3rd party insurance, Medicare or Medicaid coverage.

Payments Accepted

- Cash
- Credit Cards (MasterCard, Visa, American Express, and Discover)
- Debit Cards
- Personal Checks
- Business Checks for business transactions
- Money Orders
- Cashier Checks

Collection of Monies Owed

If payment for service is not made in full on the date of service, the Department of Health may use the following methods to pursue collection of client accounts:

- billing statements
- past due notices
- collection agencies or credit bureaus
- NC Local Government Debt Setoff Clearinghouse² (deduction from a client's tax refund of money client owes Dept. of Health), administered by the NC Department of Revenue

Delinquent Accounts

- We consider an account delinquent if a payment balance is still due 90 days after the charge activity or after the most recent payment made (whichever is later).
- Delinquent accounts are subject to collection through North Carolina's Debt Setoff program for local governments². We follow all State laws and guidelines concerning this program.
- Family Planning patients are not required to meet with the Health Director in attempt to collect a delinquent account.

Service Consequences for Client of Delinquent Account

Unless state and federal program rules prohibit restricting or denying services, persons who have a delinquent account may be:

- required to pay fees before they can get more services
- denied services unless they make a good faith effort to make payment within 90 days

Exception: Any client who has Medicaid coverage will not be denied services because of an unpaid account balance. No Family Planning or STD client will be denied services because of the inability to pay for services received or subjected to variation in quality of service. STD clients will not be denied services due to an unpaid account balance.

² Ref: NCGS 105A-1 et seq.

Failed Collections

The Department of Health reviews accounts each year for bad debt status. If no further collection is anticipated, the Business Officer will decide if there are amounts to be written off as bad debt for accounting purposes only.

- Debts written off are still subject to collection.
- At no time will a client be notified that the account has been written off as a bad debt.
- If a debt is written off for accounting purposes and later a payment is received, this payment is accepted and properly credited to the client's account.

Donations

Voluntary donations are accepted from clients for all programs including family planning services. Clients will NOT be pressured to make donations, and donations are not a prerequisite for the provision of services or supplies.

Returned Check Policy

If a client's check is returned:

1. We will notify the client.
 - We notify the client by telephone, if possible.
 - If a telephone number is not available, we mail a notice.
 - We will inform and give the client a copy of Buncombe County's Returned Check Policy.
2. The client must replace all returned checks with cash, money order, and/or certified check. **We charge an additional \$25.00 fee per returned check.**
3. If a client has two returned checks within a one-year period:
 - He/she will have to pay for services using cash, money order, and/or certified check for the period of one year.
 - After the one-year period expires, if another returned check occurs, the client must pay all future bills with cash, money order, and/or certified check.

Refunds

If a client or other third-party payer has overpaid their charges, the credit balance is either:

- applied to future charges, or
- refunded to the payer within thirty (30) days of discovery or request.

For the Environmental Health refund policy, see the program-specific information, below

(page15.)

- A woman must be uninsured or under-insured to be eligible for the BCCCP and WISEWOMAN programs.
- Also, her family unit must have annual gross income at or below 250% of the Federal Poverty Income Level.

Family-Size (# Persons)	250% FPL Income

- Client
- Spouse of client
- All children under 18 years of age, including step-children who live in the home
(see Appendix 1, below, for further detail)

Family Planning

Priority for family planning services is to persons from low-income families and to individuals who would not otherwise have access to care. Inability to pay is not a barrier to the receipt of services. Services must be provided without the imposition of any durational residency requirement or requirement that the client be referred by a physician.

Is there a fee?

Yes, based on the service requested and client’s income (see “Confidential Services” note, below, about individual income and sliding fee scale).

How is the fee paid?

- Full payment, co-pay or sliding scale percentage is due at time of service.
- BCDH currently participates with Medicaid, Medicare, Blue Cross Blue Shield (except

Blue Care), Cigna, United Healthcare (except Managed Care Plans), MedCost, Aetna and NC Health Choice.

- BCDH will bill other third party payers, only as a courtesy. The client is ultimately responsible for any uncovered charges based on a sliding fee scale.

Is there a sliding fee scale?

- Yes. There is a different sliding fee scale for Family Planning. (See Appendix 1, page 16, top table.) Also, see policy below on Confidential Services.

Program policies to note? (detailed below)

- Confidential Services

Is there a residency requirement?

No. Services and sliding fee scale are available regardless of county of residence.

Confidential Services

All Department of Health services are confidential. Teens and other family planning clients may have added privacy by requesting that no mailings are sent to their residence, no appointment reminders are left on voicemail, etc. For sliding fee scale eligibility (Appendix 1 below), clients requesting these additional privacy measures are considered to be a separate family unit. We only look at their own income, and the “economic unit” size is one person on the income table.

Health Promotion

Is there a fee?

We may charge fees for health education and promotion services we provide to individuals or groups. Details and policies are specific to the program offered.

Is there a residency requirement?

Yes. Clients must be residents of Buncombe County

Program policies to note?

None

Immunizations

Is there a fee?

- There are fees for some adult and child immunizations.
- State Supplied Vaccine is available at no charge to those who qualify.
- Contact our Immunizations clinic for further information.

How is the fee paid?

- For child immunizations only, we bill all insurance plans directly. After we receive the

insurance payment, we send the client a bill if there is any unpaid balance (i.e., non-covered, out-of-network, or unmet deductible). If you are not able to pay in full at that time, you can contact our Accounting Office to make a payment plan.

- BCDH currently participates with these insurance programs: Medicaid, Medicare, Blue Cross Blue Shield (except Blue Care), Cigna, United Healthcare (except Managed Care Plans), MedCost, Aetna and NC Health Choice. If you are under one of these plans, we bill them directly for both adult and child immunizations.
- For adults who use some other insurance company or have no insurance at all, the client must pay in full at the time of service.

Is there a sliding fee scale?

- No, except for post-exposure rabies treatment provided here at Buncombe County Dept. of Health (see note below).

Is there a residency requirement?

No, not for those **childhood** immunizations that are required for school attendance.

Yes, for **some adult** immunizations the client must be a resident of Buncombe County. In accordance with state guidelines, some adult vaccines are provided regardless of county residence. (Contact Immunization Services for further information.)

Program policies to note? (detailed below)

- Post-Exposure Treatment for Rabies

Post-Exposure Treatment for Rabies

Rabies infection is fatal unless the person begins treatment right away. The Department of Health works with Mission Hospitals to make sure any county resident who is exposed to rabies can receive the needed vaccine. After the initial exam and treatment at Mission, we can give any follow-up shots that are due Monday-Friday.

The client is responsible for the cost of treatment at BCDH and at Mission Hospitals. At BCDH, we do not require payment in advance for rabies treatment. **No Buncombe County resident is turned away from getting follow-up rabies shots at BCDH.** We will bill any insurance plan. If a client gets a bill from BCDH and can't pay at that time, he/she can ask for a payment plan. **To apply for the Sliding Fee Scale**, the client must also apply for any Rabies Vaccine Assistance Program for which he/she may be eligible. Proof of income is required. If a client is approved for the sliding fee scale, we apply this to any unpaid balance.

- Refund Policy
- Rate Adjustment Policy

Refund Policy

Fee payments are generally non-refundable once a service has been rendered by the agency. Service is considered rendered when an Environmental Health Specialist has substantially delivered the requested service.

Fees cannot be refunded because the applicant no longer wishes to pursue the original project, except under the conditions described below.

General Refund Procedure:

- Program supervisor makes a recommendation to issue a refund.
- Director of Environmental Health must sign and approve all such refunds.
- Director of Environmental Health may approve exceptions to the policies below, when there are unusual or extenuating circumstances.
- Applications not acted upon within 60 days will be considered inactive, until the Department is notified by the applicant. Inactive applications may be refunded upon request, within one year of the application date.
- If the original service has not been rendered, client may request that fee payments be transferred to other services. The transfer must be accomplished upon cancellation of the original service.

Specific Refund Procedures:

Improvement Permits

- May be refunded if the service has not been rendered.
- Refunds for this service are to be the full amount of the original fee.
- Refunds are not to be issued where the Environmental Health Specialist determines that the property cannot be used for the intended project. In this case, services are considered rendered regardless of the outcome or the amount of time spent making the determination.

Authorization to Construct

- Fees are collected for two separate services:
 - *Construction Authorization* for the purpose of obtaining a building permit, and
 - *Operations Permit* for the purpose of obtaining final approval.
- Because these are two separate services, applicants may be entitled to a refund for one or both services.
- If no service has been rendered the applicant may request a full refund or transfer of the fee to another service.
- If the applicant has received a service related to the Construction Authorization, but does not wish to pursue installing the approved septic system, he/she is entitled to a refund equal to half the original fee.
- Property that is denied a Construction Authorization will receive a refund equal to half of the original fee.

Authorization to Construct/Existing System Revision

- If no service has been rendered the applicant may request a full refund or transfer of the fee to another service.
- No refund will be made when service is rendered and authorization is denied.

Existing System Inspection

- If no service has been rendered the applicant may request a full refund or transfer of the fee to another service.

Well Permit / Inspection

- If no service has been rendered the applicant may request a full refund or transfer of the fee to another service.
- If an applicant has received a service related to well construction, but does not wish to pursue drilling the approved well, he/she is entitled to a refund equal to half the original fee.

Rate Adjustment Policy

Payment for an application is valid for 6 months. If initial action on the application is requested more than 6 months from initial payment of the fee, the applicant will be required to pay the difference (if any) between the original fee and the current fee before action can proceed. In the event of a reduction in fees the applicant will be refunded the difference between the old fee and any reduced fee amount.

Guidelines for Determining Eligibility for Sliding Fee Scale

How does the Sliding Fee Scale work?

- Clients must show proof of income and family size.
- Staff will use this information to determine what percent of fees a client must pay.
See **Appendix 1: Sliding Fee Scale (page16)**
- If income cannot be confirmed at the time of screening, or if a client declines to provide information to verify employment, the charge for services will be at 100% pay.
 - If proof of income is received at a later date, retroactive adjustments are limited to charges within the past 30 days.
- If clients report false information, they will no longer be allowed to use the sliding scale, except for Family Planning service fees.
- Eligibility for reduced fees will be re-checked:
 - anytime the client’s income and household size changes; and/or
 - once every 12 months.
- The Clinical Services Supervisor may make exceptions to the fee policies for those

who are unable, for good cause, to pay for family planning services. If this situation occurs, documentation of the process is required.

Clients are not denied services or subjected to variation in quality of services because of the inability to pay.

Clients at or below 100% of the FPL are not charged for Family Planning services.

- Income reported for Family Planning financial eligibility screening can be obtained from other programs offered in the agency.

Which BCDH services offer a Sliding Fee Scale*?

- Family Planning and post-exposure rabies treatment.

* There may be conditions on when the sliding fee scale applies (see sections above).

When does the Sliding Fee Scale discount NOT apply?

- For insurance co-payments
- For certain service charges, including:
 - **Pharmaceutical** charges for **Foreign Travel** medications
 - **Environmental Health** services
 - **Immunization** services, except post exposure rabies injections
 - **Refugee** services
 - **Medical Records** copies
 - Certain other "Miscellaneous" services

How often is a client screened for Sliding Fee Scale eligibility?

We review financial information on clients to see if they are eligible for reduced fees on the Department of Health's Sliding Fee Scale (tables on page 17). The "Economic Unit is the method of income collection used to determine financial eligibility" for patient fees. We do financial screening:

- on all new clients
- when clients report that family size and/or income has changed
- if it has been **1 year** or more since they were last screened.

Who is considered a member of the "family" for determining eligibility?

Definition of Family Size/Household and Countable Gross Income

1. **Family:** A family of two or more is defined as a group of persons related by birth, marriage, adoption, or a defined dependent relationship, who live together in a household. Persons are considered members of a "family" when their production of income and consumption of goods are related.
 - A client with no income must be considered part of the larger family unit that is providing support to the client.
 - Groups of persons living in the same house with other people may be considered a separate family unit. For example, if two sisters and their children live in the same house and both work and support their own children, they would be considered two separate households.

2. **Dependent Status:** Dependent household members are defined as those persons for whom the head of household:
 - has a legal responsibility to support, or
 - has voluntarily extended supportThese relationships are usually defined as legal adoptions and guardianships. Guardianship status must be supported by court documents defining the guardian relationship /responsibility.
Exceptions:
 - A foster child assigned by DSS shall always be considered a family of one.
 - **Teens and others requesting confidential Family Planning Services will have their income assessed as a family of one.**
3. **Family/Household Income:** Dollar amounts represent gross monthly income, the total cash receipts before taxes, from all sources. This is the total of all household income from each “counted” family member.
4. **Income Sources:** All income from full or part time employment, produced by all dependents, must be declared as part of the household income. Income sources include:
 - Salaries and wages
 - Earnings from self-employment (deduct business expenses, except depreciation)
 - Interest income
 - All investment and rental income
 - Public assistance
 - Unemployment benefits
 - Worker’s compensation
 - Alimony and child support
 - Military allotments
 - Social Security benefits
 - VA benefits
 - Retirement and pension pay
 - Insurance or annuity plans
 - Gaming proceeds and any other income not represented here that contributes to the household consumption of goods. This list is not all-inclusive.
5. **Income Verification:** We require income verification before a client can be eligible for a sliding scale discount. Any **one** of the following is acceptable:
 - Current pay stubs
 - Signed note from employer that shows client’s income before taxes are taken out
 - W-2 Forms
 - Unemployment letter
 - Award letter from Social Security Office, VA or Railroad Retirement Board
 - 1099’s received from IRS
 - Paper from the IRS that shows client did not file taxes
 - **Self-employed clients** may bring accounting records or income tax return for the most recent calendar year. (Entire tax return must be provided in order to allow deductions for business expenses.)
