SERVICE REQUESTED:

Water Supply Sample With Site Visit (Drilled Well Only)

This service includes a full inspection of your well and certifies that the sample results meet State bacteriological standards. If your sample result is positive for bacteria, the service includes a second visit to resample your well after you have completed the chlorination procedure.

Bacterial Analysis

\$40.00 _____

Bacterial + Chemical Analysis

\$60.00 _____

Water Supply Sample Without Site Visit

This service provides a water test which only reflects a result of a sample of water you submitted to our Laboratory. Without a site inspection of the water supply, the sample may not be considered certified. Some lending institutions require a certified sample. For lending purposes please check with your lending institution for certification requirements.

Bacterial Analysis Only

\$25.00 _____
