

Newfound Watershed Stakeholder Meeting

Tuesday, September 22 at 6:30 pm

Newfound Community Center

3 Morgan Branch Road in Leicester

Mac Edgerton, NRCS engineer, will talk about the design, construction, and maintenance of access roads in the mountains. We will also provide a copy of the “Layman’s Guide to Private Access Road Construction in the Southern Appalachian Mountains”. This is an ideal presentation for graders and contractors as well as private landowners.

Russell Blevins, with , will discuss an alternative energy production initiative on tobacco farms in western NC. This grant provides funds to farmers implementing wind, solar, or hydro-power projects on their farm.
