Buncombe County Health and Human Services:

I am reaching out to you on behalf of Sleep Tight Kids. We are a 501C3 Non-Profit Organization who collects night-time comfort items for children in desperate situations, based in Asheville, NC. and surrounding counties. One-Hundred percent of proceeds go to our organization so we can purchase new items, which consists of stuffed animals, blankets, books, flashlights and dental kits. One of each item is placed in a drawstring bag donated by The Little Gym of Asheville. We refer to these as our Sleep Tight Kids Comfort Bags. Total cost for Sleep Tight Kids is \$25.00 per bag.

In an effort to help you to help the children of Western North Carolina, we would like to deliver these Comfort Bags to you so you can distribute them to those in need. We schedule our deliveries about every three to four months. Our storage location is in Morningstar Storage on Long Shoals.. We have volunteers than can meet you at our storage unit, a designated delivery area or we can bring the bags to your location.

Please let me know if you are in need of our services and we can make arrangements to get the Comfort Bags to you. Also, check out our website for more information at [www.sleeptightkids.org](http://www.sleeptightkids.org) or join our Sleep Tight Kids Circle of Hope on Facebook. You can sign up through our website to receive email with newsletters, volunteer opportunities and upcoming events.

We look forward to hearing from you!

Shannon Williams

Sleep Tight Kids Delivery Committee Director
