Brief Summary:

In accordance with Federal Transit Agency (FTA) and North Carolina Department of Transportation (NCDOT) requirements, staff has developed a Public Transportation Agency Safety Plan (PTASP) for Mountain Mobility, Buncombe County's Community Transportation System.

The PTASP is a federally mandated plan intended to ensure Mountain Mobility's safety measures align with current state and federal regulations, and meet public transportation system needs. The PTASP provides safety protocols, performance monitoring, and measurement and implements a Safety Management System (SMS). The PTASP serves as a complement to the existing Board of Commissioners approved System Safety Plan (SSP).

The Community Transportation Advisory Board (CTAB) reviewed the PTASP at its August 27, 2020 meeting. Board of Commissioners approval of the PTASP is required. A Board approved PTASP will be provided to the NCDOT Integrated Mobility Division for acceptance and approval.
