October 2021 – Interviewed multiple classified personnel within various classified job assignments

Conducted an in-depth study of current salary polices, scales, steps, ranges, local supplement percentage

Analyzed and compared key economic impacts – cost of living, hourly living wage, industry key drivers, market supply and demands on the workforce
HIL Consultants (Hurd-Isenhour-Lopes) 
Independent Salary Study

- Goals of Salary Study:
  - To evaluate and compare salary ranges for non-certified/classified job groups.
  - To provide a detailed compilation of survey results from the market and cohort group including recommendations to assist BCS in recruitment, retention, and maintaining competitiveness in the K-12 public school marketplace.
  - To update the salary schedule for the district’s classified employee groups
  - To provide recommendations for placement of the classified groups on the new scale.
HIL Consultants (Hurd-Isenhour-Lopes) Independent Salary Study

**Recommendations:**

- HIL recommends the district phase in the salary schedule we are proposing. This salary schedule is a 30-step classified scale with 1 and 1.5 percent between steps and various percentage between grades to eliminate compression.
- Employees should be placed on the new salary schedules based on “current years of experience”.
- HIL does not recommend retroactively adding years of experience.
- The district should offer some increase each year (less than 1% or a flat dollar amount) if state cost-of-living increases are not approved to prevent new hires from earning the same as experienced employees.
- We recommend the district give 1 year for 1 year experience for similar work for new hires with an experience cap of 10 years. The cap can be increased for the hard to fill position as determined by the district.
- Classified employees who earn trade licenses/certifications should be placed on a higher pay grade to compensate for attaining licenses in the skilled trade areas.
- Multiple categories of employees have salaries in need of adjustment.
- Move the remaining staff to monthly local supplement payments.
Proposed Salary & Benefits 2022-23
Local Operational Budget
Recurring

Based on SL2021-180 & Salary Analysis

- Certified Staff – provides step increase + 1.3% which averages to 2.5% across all steps

- Retirement rate increase from 22.89% to 24.19% Hospitalization rate increase from $7,019 to $7,397

*Total Proposed Increase to Local Salary & Benefits $15,237,875
Proposed Other Non-Negotiable Items 2022-23
Local Operational Budget
Recurring

Based on Industry Provided Projections

- Insurance – 25% projected increase per industry experts
- Utilities – Electric/Natural Gas projected 15% increase; Water projected 5% increase
- Contracted Services – 10% to 30% increase depending on skilled labor market areas
- Price increase on all consumable & repair supplies – inflation rate at 8.5% for the 12 months ended March 2022 – highest since the 1981 peak of 7.9%
- Price increase on fuel and oil – crude oil is expected to average $100 a barrel in 2022 and maintain an average of $92 a barrel in 2023 which is the highest since 2013. The average over the last five years has been $60 a barrel.

*Total Proposed Increase to Local Other Non-Negotiable Items
$3,737,789
Proposed Restoration of Stabilization Funds
Fund Balance 2022-23
Local Operational Budget

Total request to restore stabilization funds previously used to balance the budget

$4,931,000

- In 2021/22 $4,900,000 of fund balance was used to balance the budget, Buncombe County Schools need to be able to restore stabilization funds in fund balance.
- See Policy 8100 - An amount of fund balance equal to one-month’s operating expenses for the Local Current Expense Fund to remain unappropriated in the Local Current Expense Fund (1/12 of the Local Current Expense Fund's estimated revenue for the ensuring fiscal year) ($97,564,972/12 = $8,130,414.33)
- Fund Balance should not be used for recurring expenditures
Summary of Proposed Additional Local Funding Request from the County

- Salary & Benefits: $15,237,875
- Other Non-Negotiable Items: $3,737,789
- Fund Balance Stabilization: $4,931,000

Total Increase: $23,906,664
