

BCSO Real Time Intelligence Center

Presented by

Buncombe County Sheriff's Office

BCSO Integration with FUSUS

- **FUSUS is the platform that BCSO uses as a law enforcement tool.**
- **This platform allows the Sheriff's Office and the dispatch center to live stream cameras in the event of an emergency situation.**
- **We're able to streamline emergencies & incident management, by fusing all community's video assets into a single platform.**
- **Enables Real-Time Intelligence Centers to efficiently gather intelligence. Provides First-Responders with the tools to efficiently monitor and rapidly respond to evolving Situations**

BCSO Real Time Intelligence Center

Our R.T.I.C. has given BCSO the ability to be more effective and efficient by providing the right tools at the fingertips of responding officers.

Executive staff is kept abreast of incidents for more informed decision making.

Improving officer and community safety.

Some of the benefits of this platform

- **Saves Time and Enables Investigations by Creating a Map of all the Public and Private Security Cameras in a Location.**
- **When an incident occurs, Investigators can use the R.T.I.C. registry to easily locate and reach out to all the camera owners in the vicinity and request video footage.**
- **Artificial Intelligence Capabilities enable smaller teams of law enforcement & security personnel to cover more ground.**
- **Allows you to maximize resources, and work more intelligently.**

Additional Benefits

This system is such a great tool for law enforcement. It enables First-Responders in the Field to transmit their location, send panic alerts, text alerts and send/receive images to communicate directly with the command center.

Our Ask

- The Buncombe County Sheriff's Office is asking for an Enterprise Fund for our Real Time Intelligence Center. This fund will allow an opportunity for partnerships within the community. We'll partner with local organizations for them to give us access to their cameras that will be used only in the event of an emergency situation.
- This creates a revenue opportunity for the R.T.I.C. and allows for future expansion without any cost to the tax payers.
