5.0 SCOPE OF WORK

Overview:

Provide Buncombe County Property Assessor with an analysis of property appraisal equity across 2020 census tracts. Appraisal data must be measured using a set of unbiased standards. The analysis must offer a clear perspective of the unique attributes of each census tract neighborhood and its relationship to appraisal value and equity.

Objectively quantify appraisal equity, uniformity, variability, regressivity, and progressivity. The analysis will compute a series of industry accepted standards that can be found within the International Association of Assessing Officers and the North Carolina department of revenue. The indicators will be used to measure the appraisal performance and equity across geographies, individual properties, time periods, activity levels, and unique location characteristics such as demographics.

Appraisal Performance Indicators must include:

- Sales Ratios
- Effective Tax Rate
- Coefficient of Dispersion (COD)
- Price related Differential (PRD)
- Price Related Bias (PRB)

The analysis must include the following, but not limited to, comparison and reporting of data related to census data in Buncombe County. The data should report pertinent influences on appraisal performance at a neighborhood, street, and block level.

- Population trends, densities
- Racial & Ethnic compositions
- Income, poverty
- Mortgage activities
- Housing sale, volumes, values
- Building activity
- Housing characteristics
- Homeowner demographics

Deliverables:

The Vendor will provide an unbiased analysis identifying by neighborhood, street, and block level information on residential property appraisal equity and trends. Major elements of the analysis should include in-depth, comparative profiles of each census tract neighborhood-level area in the county. Profiles will include resulting residential appraisal performance indicators, multiyear comparisons, underlying demographics, mortgage activity, home sales, building activity, and identification of significant trends and characteristics. The final report should summarize findings in a combination of text, data tables, and visuals. It's expected that Vendors responding to this request will also provide recent examples of work that is similar in nature to this study.

Timelines:

The selected vendor will need to complete the analysis and provide the final report within 10 weeks of contract signing. During this period the vendor will meet with County representatives on two separate occasions to report on progress, identify any preliminary findings / data trends and discuss next steps. Once the report has been finalized, the Vendor will make themselves available for two in-person presentations to discuss the results of the study with the likely audience being County Leadership and / or other bodies with a vested interest.

County Responsibilities:

The County shall supply the Vendor all individual parcel tax/assessment data, related GIS files and any other County data deemed beneficial and necessary.

Vendors are urged and cautioned to limit the marking of information as a trade secret or as confidential so far as is possible. If a legal action is brought to require the disclosure of any material so marked as confidential, the County will notify Vendor of such action and allow Vendor to defend the confidential status of its information.

21. **ENTIRE AGREEMENT:** This RFP and any documents incorporated specifically by reference represent the entire agreement between the parties and supersede all prior oral or written statements or agreements. This RFP, any addenda hereto, and the Vendor's proposal are incorporated herein by reference as though set forth verbatim.

All promises, requirements, terms, conditions, provisions, representations, guarantees, and warranties contained herein shall survive the contract expiration or termination date unless specifically provided otherwise herein, or unless superseded by applicable Federal or State statutes of limitation.
22. **AMENDMENTS:** This Contract may be amended only by a written amendment duly executed by the County and the Vendor.
