Subject: Solar on Public Facilities Phase 3

Brief Summary: As a part of the County's efforts to achieve its strategic goal of reducing greenhouse gas emissions, the BOC approved funding for the installation of solar PV systems on public facilities in the FY23 Capital Improvement Plan (CIP).

This next round of projects includes 4 Buncombe County Schools facilities and 1 County owned facility. A formal bid process was conducted in December 2022. Eagle Solar and Light was the awarded as the lowest responsive, responsible bidder for a total of approximately \$1.3M and has already been approved through the County's CIP process. Upon approval of this contract, interconnection applications will begin immediately and construction would begin in the summer of 2023.

Recommended Motion & Requested Action: Approve contract
