HR POLICY REVISIONS

Presented by
Amy Flaherty, HR Operations Manager
The Personnel Ordinance updates are designed to eliminate conflicting language, shorten the ordinance and increase transparency by providing employees with greater detail on HR operations.

The Leave, Benefits and the Supplemental Pay policies became stand-alone policies in May 2022 as part of the revisions to the Personnel Ordinance.

The Overtime Policy is a new standalone policy with language pulled from the Personnel Ordinance.

All HR policies are reviewed annually to determine if updates are needed.
Policies for Approval

For Commissioner Approval

• Overtime Pay *(New)*
