

BUNCOMBE COUNTY BOARD OF COMMISSIONERS
AGENDA ITEM

MEETING DATE: February 15, 2011

Action Requested: Increase Regional Breastfeeding program budget by \$6,017 to reflect new federal mini-grant funding.

A goal of the Women's and Children's Health Section of the NC Division of Public Health is to increase the proportion of North Carolina mothers who initiate breastfeeding to 75% and who breastfeed their infants at 6 months to 50%. North Carolina falls well below these goals, particularly in the area of breastfeeding duration. Breastfeeding promotion and support is an integral part of the WIC Program and WIC strives to increase the incidence and duration of breastfeeding among women enrolled in the WIC Program.

The goal of the mini-grant is to help local health departments implement projects that will enhance breastfeeding promotion and support efforts in their communities.
