

**BUNCOMBE COUNTY BOARD OF COMMISSIONERS
AGENDA ITEM**

MEETING DATE: August 16, 2011

Action Requested:

ADOPTION OF RESOLUTION APPROVING A REVISION TO THE PASSENGER, VEHICLE AND SYSTEM SAFETY PROGRAM PLAN (SSPP) FOR MOUNTAIN MOBILITY, BUNCOMBE COUNTY'S COMMUNITY TRANSPORTATION SYSTEM

Background Information

The Buncombe County Board of Commissioners adopted a System Safety Program Plan for Mountain Mobility on July 20, 2004, with subsequent revisions to the plan on December 6, 2005 and June 15, 2010.

The Plan is required by the NCDOT Public Transportation Division to meet additional requirements necessary to ensure continuation of operations in six core areas, including driver/employee selection, training, safety data acquisition analysis, substance abuse program, vehicle maintenance, and security.

Mountain Mobility has acquired new fleet vehicles over the past six months, and the preventive maintenance schedules for these new vehicles are required to be added to the System Safety Program Plan. Staff requests that the Board formally approve the revised System Safety Program Plan in order to maintain a System Safety Program Plan that is in compliance with NCDOT requirements.

Funds/Staff requested:

None
