## Narrative summary of grant related activities

Please provide a brief summary (no more than 1500 characters). You may attach supplemental documents if needed.

<b>Quarter 1</b>	<p>CCR started the fiscal year focusing on pre-service training for NC Pre-K teachers and other private programs. We received many requests for center-specific training to get the relatively new teacher workforce prepared, and to start the school year off with a stronger knowledge base. We offered center-specific training about room arrangement, challenging behavior in toddlers, aggressive behaviors, and setting up provocations in classrooms. We also collaborated with the Shape Project specialist at BPFC to offer a full day of training about outdoor play, loose parts, and adventure play with young children. At the request of the NC Pre-K program, we provided a day of training including Trauma and Resilience, Conscious Discipline, and the IEP/Referral process. These trainings were provided with follow-up technical assistance and coaching in order to better support newer teachers. We have also been working with several programs interested in starting new centers, including a Montessori program that is searching for enough funding to open, and a large GS110 program in South Asheville that hopes to open 15 classrooms over the coming year, beginning in October. We continue to support their administrators throughout their DCDEE licensing processes. In addition, we have been able to begin coaching processes focused on classroom teacher practices with several centers, and offer the commonly requested required trainings such as ITS-SIDS and EPR. We are now able to offer three Child Care Business Basics modules on our online learning platform.</p>
