Quarter 1	<p>As we begin the start of the new school year, the behavioral specialist is spending a lot of her time in the classrooms with the teachers getting to know the new students and looking for students that need extra time and support within the classrooms. As behaviors are being seen, the behavioral specialist is supporting the teachers with classroom arrangement, new materials and ways to improve the flow of the classroom as a whole, while maintaining support one on one with the students that are struggling and helping them self regulate.
