Narrative summary of grant related activities

Please provide a brief summary (no more than 1500 characters). You may attach supplemental documents if needed.

Quarter 1	<p>It's been wonderful to relaunch our Secure ECE program and to see such an enthusiastic response from ECE centers and participants! We already have 27 participants representing TEN centers!! Among those 10 centers, some of the most active are Montessori, YWCA, Community Action Opportunities, and Verner.</p> <p>To continue to make the program more accessible and to further increase participation, we're planning to host Secure Orientations on-site at partner centers next quarter. We're excited to make it even easier for ECE staff to benefit from this program! We're also translating documents, class curricula, and counseling resources into Spanish, so that we may enroll Spanish-speaking families when we extend program eligibility to partner center families (after staff have ample opportunity to enroll).</p> <p>Because Secure ECE has been funded again, we're able to continue to support participants who were progressing in our FY23 program but didn't graduate before its completion. As a result, we've already had the pleasure of witnessing TEN participants graduate the program and earn \$840 savings matches this quarter. That's powerful financial security and reinforcement thanks to the generosity of Buncombe County!</p>
------------------	--

Quarter 2	<p>We're excited to report that we've surpassed our annual goal of enrolling 41 Secure ECE participants! A total of 52 participants have enrolled or been rolled over from the prior grant. Interest in Secure has remained very strong in the 2nd quarter, and we've enrolled 25 more participants from five different childcare centers.</p> <p>We hosted on-site Secure ECE Orientations at Asheville Montessori and Verner Center for Early Learning, giving employees the opportunity to enroll conveniently after finishing their workdays. We attended an in-person class at Asheville-Buncombe Technical Community College, where we promoted the program to Early Childhood Education students who already work in the field. Additionally, we started offering 2 weekly Secure Orientations at our downtown offices, including an evening option for most weeks to give participants an opportunity to attend after work hours.</p> <p>Almost 85% of current participants have opened their Secure savings account and have started making deposits, a step toward more financial stability through emergency savings! We have also graduated 46% of our annual goal of 24 and foresee an increase in class and financial counseling participation in 3Q & 4Q.</p>
