<b>Overall project updates:</b>	<p>We have been exceptionally fruitful with our nursery again this year. Every year our nursery information has improved, making our yield ample. Despite the fact that we have not utilized reserves this quarter we are concluding every one of the designs to implement the shed structure process.</p>

Our essential objective is to ensure new vegetables are accessible to the people who most need it- - low pay families, families with senior residents, and families with restricted transportation. We are doing that a more- - informal, alongside new free vegetables, which have made our nursery an enormous achievement.</p>

### Comments:

We have verged on gathering our objective this quarter, notwithstanding; winter weather conditions made this muddled. There are things in the nursery that can yield longer than different things - for example, collards; sadly, most of the things don't. Another vital point we need to make is the nursery is available to the local area whenever.
