## Narrative summary of grant related activities

Please provide brief responses that fit within the box provided

<b>Overall project updates:</b>	<p>ELP had their lessons on dry land from Nov-Feb. This was because pool didn't have heat. On Dryland I came to each room weekly and showed an age appropriate Red Cross Water Safety video, after the video I showed Posters that reinforced what was presented in the video. Then we would color a picture that identified characters from the video. 52 children between the ages of 3-5 participated in the Dry land program. 23 total girls 24 total males participated. We returned to the water on March 3. The children really missed the water, The 3 year old room has 15 total participating. We are working on getting in and out of pool safely motor skills, kicking and windmills. And Breathe Control with Chipmunk cheeks. The 4-5 Year old classes have 18 in each. 36 Total in participation. These 4-5 year olds are working on Safety- holding on to the wall and working on independent swimming using Motor skills of arms and legs. At least 10 are swimming independent 5 of those will move up to little swimmers with more individual teaching of higher level of swimming, including diving going into the deep and swimming, using fins. IRL (In Real Life) Asheville Middle School Afterschool program for the underserved started back March 3. Girls Come on Mondays for 45min of swim instruction. We have 8 total Two of the Girls are true beginners and are working hard to learn breathe control and motor function. The other 5 girls are level 2-3 and are working on technique with Freestyle and Backstroke and working with fins in the deep end. All 8 of the girls are treading and learning rollovers and floating on their backs to recover. The Boys swim on Tuesday for 45min. Total of 4 boys 2 of the boys are beginners and 2 are level 3-4. The beginners are working on Motor skills and treading water and a little of deep end comfort level. The other 2 are working on technique with freestyle and Backstroke and working with fins in the deep end.</p>
<b>Activities related to increasing equity, diversity and inclusion:</b>	All Participants are taught at the same time with the same activities.

**Activities related to increasing operational excellence:**

For the younger early learning participants videos, posters were included in dryland lessons. For the older IRL participants we had them in fins to help with their propulsion of the kick. We have upgraded the water heater for our pool to ensure that children are able to stay warm during their lessons, our Director attended and received a recertification in LGI.
