Percent of Head Start parents who respond to the survey about Summer Fun Learning Kits	30%	0%

Expenses (please list <u>all</u> grant related expenses)	**Amount Spent**
	$ -
TOTAL:	$ -

Narrative summary of grant related activities

Our Summer Fun Learning Kit (SFLK) process will begin in February, 2023. At that time we will create Purchase Requests for the materials funded by the Tipping Point Grant. Materials include scissors, playdough, glue sticks, sidewalk chalk, crayons, colored markers and bubble wands. Materials will be received at our Gaston St. office sometime in March and April when we will start putting together the bags of SFLKs for the Head Start children. SFLKs will be distributed to Head Start classrooms and children at the end of the school year in May, 2023.
