I. State/Federal Fiscal Year covered in Pre-Expenditure Plan

Specify the fiscal year, including start and end dates, of the pre-expenditure plan.

Fiscal Year (*select one*):

State

Federal

Dates (*provide start and end date of fiscal year*):

Start Date: 07/01/20

End Date: 06/30/21

II. Letter of Transmittal

Provide a letter of transmittal that includes contact information for the SSBG contact person and the State SSBG official receiving the SSBG Grant Award.

III. Public Inspection

Provide a description of how the State made the current pre-expenditure report available for public inspection and comment. Also provide documentation of public hearing (e.g., copies of public hearing notices, letters, newspaper articles, etc.) in Appendix A.

North Carolina has made the current pre-expenditure report available for public inspection and comment by issuing a public notice announcing the publication of the draft report and inviting public comment on any aspect of the report prior to finalizing the report. The notice announced the availability of the pre-expenditure report. Due to COVID-19 social distancing requirements, the notice was made available on the Department's website, at county departments of social services websites and contact information was provided with a deadline for the public to offer input.

Also, due to COVID-19, North Carolina's public hearing, held on July 27th, 2020 at 1:00 PM EDT was held via webinar and conference call.

IV. Narrative

A. Administrative Operations

1. State Administrative Agency

Outline the mission and responsibilities, as well as the goal and objectives, of the agency designated to administer the State's SSBG program.

Agency Designated to Administer SSBG Program:

North Carolina Department of Health and Human Services (NCDHHS)

Mission of Agency:

In collaboration with our partners, NCDHHS provides essential services to improve the health, safety and well-being of all North Carolinians.

Agency Responsibilities:

The department's 13 divisions touch the lives of virtually every North Carolinian, providing prenatal programs, child development, residential care, services for mental health, services for Deaf and blind individuals and their families, people with intellectual and developmental disabilities, and helping people achieve economic independence. NCDHHS also provides employment-related services, medical assistance, child welfare, adult community care services, treatment and programs for youth at risk, vocational rehabilitation, independent living rehabilitation, and disability determination.

NCDHHS Goals and Objectives:

- Strengthen health care
 - Promote access to services for eligible populations
 - Improve health care quality and patient safety
 - Emphasize primary and preventive care, linked with community prevention services
 - Reduce the growth of healthcare costs while promoting high-value, whole-person care
 - Ensure access to quality, culturally competent care, including long-term services and supports for vulnerable populations
 - Improve health care and population health through meaningful use of health information technology
 - Focus on the social determinants of health to achieve positive health outcomes.
- Advance knowledge and innovation
 - Enhance our technological and data capabilities for current and future needs

- Foster and apply innovative solutions to health, public health and human services challenges
- Increase our understanding of what works in public health and human services practice
- Improve laboratory, surveillance and epidemiology capacity
- Improve our integrated data system practices
- Advance the health, safety and well-being of North Carolinians
 - Promote the safety, well-being, resilience and healthy development of children and youth
 - Promote economic and social well-being for individuals, families and communities
 - Improve the accessibility and quality of supportive services for people with disabilities and older adults
 - Promote prevention and well-being across the life span
 - Reduce the occurrence of infectious diseases
 - Protect North Carolinians' health and safety during emergencies and foster resilience to withstand and respond to emergencies
- Ensure the efficiency, transparency and accountability of NCDHHS programs
 - Financial and results reporting are straightforward and understandable to managers, decision makers and taxpayers
 - Enhance access to and use of data to improve NCDHHS programs and to support improvements in the health and well-being of North Carolinians
 - Continuously enhance our agency-wide comprehensive communication plan for internal staff and external stakeholders
 - Exercise good stewardship in utilization of resources to create a positive impact for those we serve.

2. State Offices/Departments

Identify the State entities allocated SSBG funds and provide a brief description of the services supported by each of the entities.

SSBG funds are allocated to the following State entities:

Entities & Services Supported:

Division of Social Services (DSS): Adoption Services; Child Protective Services; Family Support Services; Foster Care Services for Children; Family Planning Services, Independent Living Services (for Youth), Special Services for Youth at Risk. DSS provides training, technical assistance, and consultation to the local staff who work in programs for

families and children including Child Welfare, Family Support, Work First, Child Support, and Food and Nutrition Services.

Division of Aging and Adult Services (DAAS): Adult Protective Services, Guardianship, Individual and Family Adjustment Services, Health Support Services and Adult Placement Services. DAAS provides training, technical assistance, and consultation for the local staff who work in these programs as well as in other programs and services that assist older adults and adults with disabilities in remaining as independent as possible.

Division of Central Management and Support (under the NCDHHS Office of the Secretary): Administers competitive block grants to nonprofits that have the capacity to provide services on a statewide basis that support the State health and wellness initiatives that comply with SSBG goals.

Division of Child Development and Early Education (DCDEE): DCDEE regulates child care facilities. Child care providers are required to have a criminal background check completed. DCDEE oversees the child care subsidy services program, administered by local purchasing agencies. SSBG funds are used to support these to support criminal background checks to child care providers and foster parents in child welfare services.

Division of Mental Health, Mental Health, Developmental Disability and Substance Abuse Services: Administration of Special Services – Disabled; and Substance Abuse Services. Provides for administration of services to support individuals living with mental illness and their families. These services include the necessary prevention, intervention, treatment, and supportive services to live successfully in communities of their choice. DMH also provides medically monitored detoxification, crisis stabilization, and short-term treatment to prepare adults with substance abuse and co-occurring disorders for ongoing community-based recovery services. DMH also provides services to individuals with developmental disabilities.

Division of Services for the Blind (DSB): Counseling Services; Home-Based Services; and Special Services - Disabled. DSB provides services statewide through staff in seven DSB District Offices and Social Workers for the Blind located in all North Carolina counties. Services include but are not limited to counseling regarding vision loss, information and referral services and Independent Living Services which assist persons of all ages who are blind, visually impaired or deafblind to develop skills that enable them to independently manage their activities of daily living.

Division of Health Service Regulation (DHSR): Administration. Adult Care Facility Star Ratings; Adult Care Home Violations and Penalties; Licensure for Adult Care Homes and Mental Health facilities. This Division oversees the licensure and/or certification of medical, mental health, and adult care facilities, emergency medical services, and local jails. DHSR monitors healthcare providers and facilities to ensure people receiving care from these providers/facilities are safe and receive appropriate care.

If the Congress of the United States decreases the federal fund availability for the Social Services Block Grant as described above, the Department of Health and Human Services shall reduce the State administration amount(s) by at least the percentage of the reduction in federal funds. After determining the reduction in the State administration, the remaining reductions shall be allocated proportionately across the program and activity appropriations identified above. In allocating a decrease in the federal fund availability, the Department shall not eliminate the funding for a program or activity as allocated by the NC General Assembly unless it is related to the State administration.

B. Fiscal Operations

1. Criteria for Distribution

Describe the State's criteria for allocation of SSBG funds to State entities.

In allocating funds to State entities, NCDHHS considers funds available through SSBG, TANF transfer, and other funding sources. Funds are then allocated in such a way as to sustain community-based services aimed at protecting vulnerable adults and children and supporting the services for youth at risk.

2. Planning Process for Use and Distribution of Funds:

Describe the planning process for determining the State's use and distribution of SSBG funds.

NCDHHS sets program and budget priorities by reviewing the program and budget plans for administration. NCDHHS personnel also consult with and gather input from stakeholders and community partners. This information is used to make decisions about how to allocate resources to meet the goals and objective specified by NCDHHS.

3. Financial Operations System:

Describe the State's process of assigning costs (e.g., cost allocation plan) and method of calculating costs (e.g., Random Moment in Time).

North Carolina uses a cost allocation plan to assign costs and calculates costs using the 100% Time Reporting method.

C. Program Operations

1. SSBG Statutory Goals the State Plans to Achieve

Indicate which of the statutory goals the State plans to achieve, and provide a description of how services funded by the SSBG will be directed at one or more of these goals.

SSBG Statutory Goals:

- 1. Achieving or maintaining economic self-support to prevent, reduce, or eliminate dependency
- 2. Achieving or maintaining self-sufficiency, including reduction or prevention of dependency

- 3. Preventing or remedying neglect, abuse, or exploitation of children and adults unable to protect their own interests, or preserving, rehabilitating or reuniting families
- 4. Preventing or reducing in appropriate institutional care by providing for community-based care, home-based care or other forms of less intensive care
- 5. Securing referral or admission for institutional care when other forms of care are not appropriate, or providing services to individuals in institutions

How Services Funded by the SSBG will be directed at these goals:

SSBG funds will be used to support all these goals by providing services to children, youth, and adults that will help individuals achieve and maintain self-sufficiency, prevent or remedy neglect, abuse and exploitation, prevent or reduce inappropriate institutional care, and direct individuals to institutional care when appropriate.

2. **Characteristics of Individuals to be Served**

Describe the characteristics of individuals to be served, including: definitions of child, adult, and family; eligibility criteria; and income guidelines.

Definitions

- Child: A person who is less than 18 years of age
- Adult: An individual who has reached the age of majority, age 18 in North Carolina, or who has been emancipated by a court order.
- Family: One or more parents and children related by blood, marriage, or adoption, and residing in the same household; or a parent substitute, such as a related caregiver or legal guardian, who has responsibility for the 24-hour care and supervision of a child.

Eligibility Criteria & Income Guidelines:

There are three *primary* eligibility categories defined by the State through which individuals may be eligible to receive Social Services Block Grant-funded services. The first eligibility category defined by the State is based on an individual's status in terms of two major income maintenance programs - the Temporary Assistance for Needy Families (TANF) and the Supplemental Security Income (SSI) programs. The second category is based on the income status and size of the income unit.¹ In the third category, services may be provided "Without Regard to Income," based solely on an individual's need, although for some services the recipient may be asked (but not required) to share in the cost of providing the service. A fourth eligibility category results from the transfer of a percentage of the State's allocation of TANF (Temporary Assistance for Needy Families) funding to the Social Services Block Grant. Adhering to federal eligibility requirements for persons receiving assistance through the TANF program, these funds will be used only for programs and services to children and their families whose incomes are at or below 200% of the Federal Poverty Level, applicable to family size. The four eligibility categories are described as follows:

Income Maintenance Status

Individuals considered eligible as income maintenance recipients are:

- Current recipients of Temporary Assistance to Needy Families, known as Work First Family Assistance (WFFA) in North Carolina;
- Persons whose needs are taken into account in determining the needs of WFFA recipients;
- Applicants for or current recipients of Supplemental Security Income (SSI) benefits;
- Persons who receive regular Optional State Supplementation payments from the State, known in North Carolina as State/County Special Assistance for Adults, to supplement SSI benefits;
- Children for whom adoption assistance payments or foster care maintenance payments are made under provisions of Public Law 96-272 and are thus considered WFFA recipients.

¹ Unless otherwise excepted, the following are defined as separate income units for purposes of determining eligibility and cost sharing contributions: biological or adoptive parents and their minor children; a minor parent and his or her children; each adult, whether related or unrelated, other than spouses; children living with adults other than their biological or adoptive parents; and minors who are emancipated through a court proceeding, marriage or participation in the armed services. For Family Planning Services, "family" will be defined in accordance with federal regulation, 10A NCAC 71R .0908 for Family Planning Services. For Nutrition Services, "family" will be defined in accordance with 10A NCAC 71R .0913.

All these income maintenance recipients are categorically eligible for services. For services such as child care, in which various federal and state funding sources have been blended to maximize funding and streamline service delivery to families, policies specific to that program shall apply. An individual applying for child care services is no longer considered income eligible on the basis of income maintenance status. Although income received from an income maintenance payment such as WFFA or SSI may continue after these individuals are employed, it is not included in the amount of family's income used to determine eligibility for child care services. Income from employment and other sources available to the family is counted toward determining eligibility.

Income Status (Income Eligible Clients)

Eligibility for certain services requires consideration of the income unit's monthly gross income. These services include 1) Child Care Services, 2) In-Home Aide Services for the Blind, 3) Voluntary Sterilization (funded under SSBG as an optional resource item of Health Support Services) and 4) Transportation Services.

Families *who qualify on the basis of income eligibility* pay fees based on their income, family size, and the amount of time child care is needed each month. Income eligibility is 200% FPL for children 0 to 5, and 133% for children 6-12

For the other services listed above, the State has adopted application of the Federal Poverty Level for use in determining eligibility based on the number of individuals in an income unit. In-Home Services for the Blind is the only one of the services listed above that is available to individuals in income units earning up to 100% of the of the State's established income which is 150% of the Federal Poverty Level. Voluntary Sterilization is an option for individuals in income units earning up to 80% of the Federal Poverty Level. Only those who earn less than 60% of the Federal Poverty Level for their family or income unit are eligible for *all* services, including Transportation, offered through the Social Services Block Grant.

Without Regard to Income

The provision of services "Without Regard to Income" is based solely on the individual's need for the service; however, for some services, clients are requested to voluntarily contribute to the cost of services provided. Services supported by the Social Services Block Grant and made available on a "Without Regard to Income" basis may include, depending on each year's allocation:

- Adjustment Services for the Blind and Visually Impaired
- Adoption Services
- Adult Placement Services
- Community Living Services
- Day Care Services for Adults
- Child Care Services
(Service is available without regard to income only when needed to support child protective services, child welfare services and for children receiving foster care services.)
- Children and Adults Needing Mental Health, Developmental Disability and/or Substance Abuse Services
- Delinquency Prevention Services
- Employment and Training Support Services
- Family Planning Services
- Family Preservation Services
- Family Support Services
- Foster Care Services for Adults
- Foster Care Services for Children
- Health Support Services (excluding the optional voluntary sterilization component)
- Home Health Services (includes Skilled Nursing, Physical Therapy, Speech Therapy, Occupational Therapy, Medical Social Services, and Nutrition Care)
- Housing and Home Improvement Services
- Individual and Family Adjustment Services
- In-Home Aide Services

- Intensive Family Preservation Services
- Personal and Family Counseling
- Preparation and Delivery of Meals
- Problem Pregnancy Services
- Protective Services for Adults (including all appropriate services)
- Protective Services for Children (including all appropriate services)
- Residential Treatment for the Emotionally Disturbed
- Respite Care Services
- Transportation Services Provided by the NC Commission of Indian Affairs
- Youth Services

TANF Funds Transferred to the Social Services Block Grant

Federal regulations allow certain TANF monies to be transferred into the Social Services Block Grant. However, welfare reform law stipulates that any TANF funds transferred to SSBG must be used for families with incomes no higher than 200% of the Federal poverty guidelines. Following this requirement, Social Services Block Grant funds transferred from TANF will only be used for the provision of programs and services to children and their families or income units who earn less than or up to 200% of the Federal Poverty Level, applicable to the size of the family/income unit served.

TANF-to-SSBG funds will be used to support Adoption Services, Foster Care Services for Children, and Other Child Welfare Services where income for families or income units receiving the services does not exceed 200% of the Federal Poverty Level. Activities funded under these service categories include Non-residential Diagnostic and Treatment Services, Recruitment, Assessment and Training of Adoptive and Foster Parents; Adoption Assistance and Post-Adoption Case Management; Case Planning and Case Management, Preparation for and Participation in Judicial Determinations, and other services to youth in foster care or former foster care recipients.

For State Fiscal Year 2019 funds transferred from TANF to SSBG will also be used to support training for child welfare services and to maintain the level of expenditures for Child Protective Services workers.

Consumer Contribution

Individuals determined eligible to receive services subject to the consumer contribution policy shall be informed of the requirement that all such recipients are given the opportunity to contribute to the cost of services provided, based on their gross family income and desire to voluntarily contribute. Income, size of income unit, cost of services, and other factors that affect ability to contribute may be taken into account. Services are not terminated if the individual decides not to contribute. The following is a list of services for which consumer contribution is applicable.

- Adult Day Care and Day Health Services
- Housing and Home Improvement Services (Renovations or Repair and Furnishings or Appliance Purchases only)
- In-Home Aide Services
- Personal and Family Counseling
- Preparation & Delivery of Meals

When any of the above services are provided to adults or children as part of a Protective Services Plan, these individuals will be excluded from consumer contributions, up to a maximum of 12 months. Consumer contributions do not apply to children in foster care, children who have been approved to receive adoption assistance, persons receiving Work First assistance, or federally administered Supplemental Security Income (SSI) applicants or recipients.

Fees

Under North Carolina's social services program, any service available through the county department of social services where the individual lives, when provided in conjunction with Protective Services for Children or Adults, will be provided without cost sharing and without regard to income during the first twelve months after Protective Services for Children or Adults is initiated, or until the case is closed, if it remains open for less than a year.

3. **Types of Activities to be Supported**

Describe the types of activities to be provided using SSBG funds. Organize the services by the Uniform Definition of Services and the corresponding State service title. Also provide method of delivery (i.e., public, private, or both) and the geographic area/location where services will be provided.

Depending on SFY allocation, funding could support administrative activities, direct services, or both. (Refer to Section IV. A. 2., Distribution of Funds.)

Adoption Services are those services or activities provided to assist in bringing about the adoption of a child. Component services and activities may include, but are not limited to, counseling the biological parent(s), recruitment of adoptive homes, and pre- and post- placement training and/or counseling and adoption program evaluation.

- SSBG Statutory Goal(s) Supported: 1, 2, 3, 4, 5
- Method of Provision: Public and Private (direct delivery and purchase of service)
- Geographic Area: Statewide

Protective Services for Children are those services or activities designed to prevent or remedy abuse, neglect, or exploitation of children who may be harmed through physical or mental injury, sexual abuse or exploitation, and negligent treatment or maltreatment, including failure to be provided with adequate food, clothing, shelter, or medical care. Component services or activities may include immediate investigation and intervention; emergency medical services; emergency shelter; developing case plans; initiation of legal action (if needed); counseling for the child and the family; assessment/evaluation of family circumstances; arranging alternative living arrangement; preparing for foster placement, if needed; case management and referral to service providers, and child protective services program evaluation.

- SSBG Statutory Goal(s) Supported: 1, 2, 3, 4, 5
- Method of Provision: Public and Private (direct delivery and purchase of service)
- Geographic Area: Statewide

Special Services for Persons With Developmental or Physical Disabilities, or Persons With Visual or Auditory Impairments (Adjustment Services for the Blind and Visually Impaired) - Special services for persons with developmental or physical disabilities, or persons with visual or auditory impairments, are services or activities to maximize the potential of persons with disabilities, help alleviate the effects of physical, mental or emotional disabilities, and to enable these persons to live in the least restrictive environment possible. Component services or activities may include personal and family counseling; respite care; family support; recreation; transportation; aid to assist with independent functioning in the community; and training in mobility, communication skills, the use of special aids and appliances, and self-sufficiency skills. Residential and medical services may be included only as an integral, but subordinate, part of the services.

- SSBG Statutory Goal(s) Supported: 1, 2, 3, 4, 5
- Method of Provision: Public and Private (direct delivery and purchase of service)
- Geographic Area: Statewide

Special Services for Youth (Delinquency Prevention Services) involved in or at risk of involvement with criminal activity are those services or activities for youth who are, or who may become, involved with the juvenile justice system and their families. Component services or activities are designed to enhance family functioning and/or modify the youth's behavior with the goal of developing socially appropriate behavior and may include counseling, intervention therapy, and residential and medical services if included as an integral but subordinate part of the service.

- SSBG Statutory Goal(s) Supported: 1, 2, 3, 5
- Method of Provision: Public and Private (direct delivery and purchase of service)
- Geographic Area: Optional service based on individual county need and available resources.

Substance Abuse Services (Children and Adults Needing Mental Health, Developmental Disability and/or Substance Abuse Services) administration of services or activities that are primarily designed to deter, reduce, or eliminate substance abuse or chemical dependence. Except for initial detoxification services, medical and residential services may be included but only as an integral but subordinate part of the service. Component substance abuse services or activities may include a comprehensive range of personal and family counseling methods, methadone treatment for opiate abusers, or detoxification treatment for alcohol abusers. Services may be provided in alternative living arrangements such as institutional settings and community-based halfway houses.

- SSBG Statutory Goal(s) Supported: 1, 2, 3, 4, 5
- Method of Provision: Public and Private (direct delivery and purchase of service)
- Geographic Area: Optional service based on individual county need and available resources.

Transportation Services are services or activities that provide or arrange for the travel, including travel costs, of individuals in order to access services, or obtain medical care or employment. Component services or activities may include special travel arrangements such as special modes of transportation and personnel to accompany or assist individuals or families to utilize transportation.

- SSBG Statutory Goal(s) Supported: 1, 2, 3, 4
- Method of Provision: Public and Private (direct delivery and purchase of service)

- Geographic Area: Optional service based on individual county need and available resources.

Other Services include Individual and Family Adjustment Paraprofessional Services, Individual and Family Adjustment – Representative Payee and Services Intake.

Individual and Family Adjustment Paraprofessional Services include:

- Supervising visits between parent and child;
- Supervising children (while parents attend therapy, parenting classes, etc.) in absence of caregiver;
- Teaching, coaching, modeling parenting skills, home management skills, communication skills with resources to parents and caretakers and placement providers;

North Carolina Office of the State Auditor

Our Mission and Our Commitment

The Office of the State Auditor protects the interests of taxpayers and others who provide financial resources to the State of North Carolina. Specifically, we provide objective information to interested parties about whether economic resources are properly accounted for, reported and managed; as well as whether publically-funded programs are achieving desired results.

The Office of the State Auditor's mission is accomplished by conducting thorough audits and investigations. These audits and investigations are performed by highly competent and professional staff and result in useful and practical recommendations to improve services provided by North Carolina state government.

This office will always strive for the highest standards in professional conduct, independence and integrity as we pursue our mission. If we find financial management deficiencies, we will report them without apology because our ultimate responsibility is to the citizens and taxpayers of North Carolina.

AUDITOR'S TRANSMITTAL

The Honorable Roy Cooper, Governor
Members of the North Carolina General Assembly

We are pleased to submit the *Single Audit Report* for the State of North Carolina for the fiscal year ended June 30, 2019. We conducted our audit in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

This *Single Audit Report* reflects federal awards of \$21.5 billion. This report includes significant deficiencies and material weaknesses in internal control relating to major federal programs and instances of noncompliance, including several that we believe constitute material noncompliance, that meet the criteria of the Uniform Guidance.

The North Carolina *Comprehensive Annual Financial Report* for the fiscal year ended June 30, 2019, has been issued in a separate report by the Office of the State Controller. In accordance with *Government Auditing Standards*, we are issuing our report on our consideration of the State of North Carolina's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements that have an effect on the financial statements.

The deficiencies in internal control and instances of noncompliance arising from our audit that are required to be reported by *Government Auditing Standards* or the Uniform Guidance are described in the Schedule of Findings and Questioned Costs.

We wish to acknowledge the assistance of the North Carolina Office of the State Controller and the cooperation of other state agencies, community colleges, and universities in the preparation of this report.

Respectfully submitted,

A handwritten signature in cursive script that reads "Beth A. Wood".

**INDEPENDENT AUDITOR'S REPORT
ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

The Honorable Roy Cooper, Governor
The General Assembly of North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of North Carolina, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the State's basic financial statements (not presented herein), and have issued our report thereon dated December 5, 2019.

Our report includes a reference to other auditors who audited the financial statements of the North Carolina State Lottery Fund, the North Carolina Turnpike Authority, the North Carolina Housing Finance Agency, the State Education Assistance Authority, the University of North Carolina System – University of North Carolina Health Care System – Rex Healthcare, the Supplemental Retirement Income Plan of North Carolina, the North Carolina Public Employee Deferred Compensation Plan, and the North Carolina Department of State Treasurer Investment Programs, as described in our report on the State's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the State of North Carolina's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the State's internal control. Accordingly, we do not express an opinion on the effectiveness of the State's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the State of North Carolina's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the State of North Carolina's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY UNIFORM GUIDANCE

The Honorable Roy Cooper, Governor
The General Assembly of North Carolina

Report on Compliance for Each Major Federal Program

We have audited the State of North Carolina's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the State of North Carolina's major federal programs for the year ended June 30, 2019. The State of North Carolina's major federal programs are identified in Section I, Summary of Auditor's Results, in the accompanying Schedule of Findings and Questioned Costs.

The State of North Carolina's financial reporting entity includes the operations of the State Education Assistance Authority, the North Carolina Housing Finance Agency and the Economic Development Partnership of North Carolina, Inc. These agencies reported \$1.27 billion, \$237 million and \$974 thousand, respectively, in federal awards which are not included in the Schedule of Expenditures of Federal Awards during the year ended June 30, 2019. Our audit, described below, did not include the operations of the State Education Assistance Authority, the North Carolina Housing Finance Agency or the Economic Development Partnership of North Carolina, Inc. because these agencies engaged other auditors to perform an audit in accordance with the Uniform Guidance.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the State of North Carolina's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major

federal program occurred. An audit includes examining, on a test basis, evidence about the State of North Carolina's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our qualified and unmodified opinions on compliance for each major federal program. However, our audit does not provide a legal determination of the State of North Carolina's compliance.

Basis for Qualified Opinion on Certain Major Federal Programs

As described in Section III, Federal Award Findings and Questioned Costs, in the accompanying Schedule of Findings and Questioned Costs, the State of North Carolina did not comply with several compliance requirements that are applicable to several of its major federal programs, as follows:

Finding Number	Type of Compliance Requirement	CFDA	Major Federal Program
2019-001	Allowable Costs/Cost Principles; Subrecipient Monitoring	16.575	Crime Victim Assistance
2019-013	Reporting	84.010	Title I Grants to Local Education Agencies
2019-024	Special Tests and Provisions	84.063	Federal Pell Grant Program
2019-029	Special Tests and Provisions	84.063	Federal Pell Grant Program
2019-031	Special Tests and Provisions	84.063	Federal Pell Grant Program
2019-033	Special Tests and Provisions	84.063	Federal Pell Grant Program
2019-035	Special Tests and Provisions	84.063	Federal Pell Grant Program
2019-039	Special Tests and Provisions	84.268	Federal Direct Student Loans
2019-042	Special Tests and Provisions	84.268	Federal Direct Student Loans
2019-044	Special Tests and Provisions	84.268	Federal Direct Student Loans
2019-047	Subrecipient Monitoring	84.287	Twenty-First Century Community Learning Centers
2019-051	Cash Management	84.377	School Improvement Grants
2019-070	Allowable Costs/Cost Principles; Subrecipient Monitoring	97.036	Disaster Grants – Public Assistance (Presidentially Declared Disasters)

Compliance with such requirements is necessary, in our opinion, for the State of North Carolina to comply with the requirements applicable to those programs.

Qualified Opinion on Certain Major Programs

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph above, the State of North Carolina complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on those programs listed above for the year ended June 30, 2019.

Unmodified Opinion of Each of the Other Major Federal Programs

In our opinion, the State of North Carolina complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs identified in Section I, Summary of Auditor's Results, in the accompanying Schedule of Findings and Questioned Costs for the year ended June 30, 2019.

Other Matters

Other Instances of Noncompliance:

The results of our auditing procedures disclosed other instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying Schedule of Findings and Questioned Costs as items:

Finding Number	Type of Compliance Requirement	CFDA	Federal Program
2019-016	Period of Performance	84.027	Special Education - Grants to States
2019-055	Eligibility	93.558	Temporary Assistance for Needy Families
2019-058	Activities Allowed or Unallowed; Allowable Costs/ Cost Principles; Eligibility	93.778	Medical Assistance Program
2019-059	Allowable Costs	93.778	Medical Assistance Program
2019-063	Eligibility	93.778	Medical Assistance Program

Our opinion on each major federal program is not modified with respect to these matters.

The State of North Carolina's responses to the noncompliance findings identified in our audit are described in Section III, Federal Award Findings and Questioned Costs, of the accompanying Schedule of Findings and Questioned Costs. The State of North Carolina's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Verification of Information for Medicaid Eligibility:

As described in finding 2019-063 in the Schedule of Findings and Questioned Costs, auditors identified \$61,044 of Medicaid funds that were paid on behalf of ineligible beneficiaries. **However, the amount of Medicaid funds paid on behalf of ineligible beneficiaries is likely greater than the \$61,044 that is reported in this finding.**

As defined in the North Carolina Medicaid State Plan (approved by U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services), **self-attestation by applicants is accepted for certain elements of the Modified Adjusted Gross Income (MAGI) methodology of determining participant eligibility. Further verification or documentation is not required.** Approximately \$4.0 billion, or 35%, of total Medicaid benefit expenditures were for beneficiaries whose eligibility was determined via the MAGI methodology.

Auditors tested participant eligibility using the documentation contained in client files, which includes self-attested data that **could not be verified** by the auditor. Elements for which self-

attestation is accepted, are **critical to determining eligibility**, and **were not verified** by auditors include:

- Age
- Household composition (i.e. number in household)
- Tax filer status
- Certain income types (including various unearned income)

Since auditors were not able to verify this information, it is **likely that there are more beneficiaries in the Medicaid program that received benefits but were not eligible.**

Our opinion is not modified with respect to this matter.

Report on Internal Control Over Compliance

Management of the State of North Carolina is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the State of North Carolina's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the State of North Carolina's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in Section III, Federal Award Findings and Questioned Costs, of the accompanying Schedule of Findings and Questioned Costs as the items below to be material weaknesses:

Finding Number	Type of Compliance Requirement	CFDA	Major Federal Program
2019-001	Allowable Costs/Cost Principles; Subrecipient Monitoring	16.575	Crime Victim Assistance

Finding Number	Type of Compliance Requirement	CFDA	Major Federal Program
2019-013	Reporting	84.010	Title I Grants to Local Education Agencies
2019-024	Special Tests and Provisions	84.063	Federal Pell Grant Program
2019-029	Special Tests and Provisions	84.063	Federal Pell Grant Program
2019-031	Special Tests and Provisions	84.063	Federal Pell Grant Program
2019-033	Special Tests and Provisions	84.063	Federal Pell Grant Program
2019-035	Special Tests and Provisions	84.063	Federal Pell Grant Program
2019-039	Special Tests and Provisions	84.268	Federal Direct Student Loans
2019-042	Special Tests and Provisions	84.268	Federal Direct Student Loans
2019-044	Special Tests and Provisions	84.268	Federal Direct Student Loans
2019-047	Subrecipient Monitoring	84.287	Twenty-First Century Community Learning Centers
2019-051	Cash Management	84.377	School Improvement Grants
2019-054	Activities Allowed or Unallowed; Allowable Costs/ Cost Principles	93.556	Promoting Safe and Stable Families
2019-070	Allowable Costs/Cost Principles; Subrecipient Monitoring	97.036	Disaster Grants – Public Assistance (Presidentially Declared Disasters)

A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in Section III, Federal Award Findings and Questioned Costs, of the accompanying Schedule of Findings and Questioned Costs as the items below to be significant deficiencies:

The State of North Carolina's responses to the internal control over compliance findings identified in our audit are described in Section III, Federal Award Findings and Questioned Costs, of the accompanying Schedule of Findings and Questioned Costs. The State of North Carolina's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the

aggregate remaining fund information of the State of North Carolina as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the State of North Carolina's basic financial statements (not presented herein). We issued our report thereon dated December 5, 2019, which contained unmodified opinions on those financial statements. Our report includes a reference to other auditors.

As discussed in Note 2 to the financial statements, during the year ended June 30, 2019, the State adopted new accounting guidance, Governmental Accounting Standards Board Statement No. 83, *Certain Asset Retirement Obligations* and Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*. Our opinion is not modified with respect to these matters.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the North Carolina State Lottery Fund, the North Carolina Turnpike Authority, the North Carolina Housing Finance Agency, the State Education Assistance Authority, the University of North Carolina System – University of North Carolina Health Care System – Rex Healthcare, the Supplemental Retirement Income Plan of North Carolina, the North Carolina Public Employee Deferred Compensation Plan, and the North Carolina Department of State Treasurer Investment Programs, as described in our report on the State's financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditure of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.
