Item One – Review and Approval of Minutes

Member Duncan moved to approve the minutes from June 9, 2020, Member Watson seconded, and the Board unanimously approved.

Item Two – Office Update

Director Duncan gave the following updates:

- SBOE Allison Blackman, Absentee Voter Program Specialist/CERA, attended the meeting to observe the CBOE Absentee process. (Ms. Blackman would observe the CBOE on June 16 and 17).
- SBOE Deputy Director for Elections Administration, Trena Velez, will observe the Buncombe CBOE on June 18 to observe PPE processes.
- HB1169 passed into law (Session Law 2020-17 attached) and will be allocating funding through the CARES Act for COVID preparation. A SBOE summary (attached) was given to Board members.
 - Changes affecting the November Election:
 - Absentee voting will only require one witness in the November 2020 General Election. This is only for the 2020 election.
 - Only one precinct assistant and one judge will be required to be from the precinct. Allowing more flexibility in assigning Election Day workers around the county.
 - Absentee request forms will immediately be able to be submitted by Email and FAX. Member Block asked for clarification that this is not allowing an electronic signature but the printed and signed form (or picture of form) being submitted through these methods. Chairman Quinn mentioned another section of this law requires the State Board to have an online facility which will allow voters to submit an absentee ballot request with an electronic signature. This must be available by September 1, 2020. Absentee ballots will begin being sent out on September 4, 2020.
 - Buncombe County is a Tier 3 county which determines how monies are dispersed within the law.
- Kaylea Noce has accepted the staff position for Absentee Training Specialist. Start date is June 29, 2020.
- An offer has been made to an applicant for the Elections Technical Specialist but not yet accepted. Start date would be July 13, 2020.
- Election night check-in of the Chief Judges (CJ) and materials has been revised in an attempt to improve, simplify and streamline the return process:
 - Staff will unload the CJs' vehicles of all election materials.
 - All election materials will then be collected and checked by additional staff.
 - Chief Judges will wait in a reception area which ,will be supplied with refreshments, until staff has verified that all paperwork has been correctly completed and materials returned.
 - Chief Judges may leave once the verification process has been completed.
- Director Duncan informed that the new county job share program will provide more people to assist with the Election night check-in process. Director Duncan will review the Election Day process with the Board further at the Saturday, June 20, 2020, Board meeting.

Item Three – Consideration of Absentee Ballot Applications Civilian, Overseas and Military

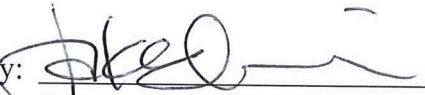

- Staff member Neggy Fox presented 75 civilian absentee ballots and one UOCAVA absentee ballot for review by the CBOE.
 - The Board worked in two bipartisan teams to review and approve the absentee ballots.
 - The teams were provided with a list of the corresponding absentee ballot envelopes.
 - After approval by the BCBOE ballots were removed and scanned.
 - UOCAVA ballot(s) were duplicated by a four-member bipartisan staff team comprised of: Kaylea Noce, Daphne Young, Joyce Kanavel, and Neggy Fox.
 - Chairman Quinn reminded all present to remain quiet during these processes.
 - Chairman Quinn inquired whether all calls and marks were clearly heard and seen, and the duplication team answered affirmatively.
 - The review team of Member Watson and Secretary Newman identified an absentee ballot on which a Notary did not provide an expiration date. The BCBOE consulted a State guidance memo which provides input from the N.C. Secretary of State and a list of errors that have been deemed to not invalidate a notary acknowledgement under NCGS 10-68. Member Watson requested that the reporting requirement of the memo be followed. The staff was asked to verify the expiration date of the notaries commission. Concern over additional burden on the staff was raised and addressed. This absentee ballot was held for further research and verification.
 - Staff member Johnston presented two pending absentee ballot envelope applications where it was suspected that one witness signed as if he/she were two different people. After review by the full Board and unanimous consent, the ballot was rejected, and the staff directed to send a letter with a new ballot to the voter explaining the requirement for two different witnesses.
 - Staff member Fox presented the pollbooks for Absentee One-Stop voting from June 4 through 9 (341 voters) and June 10 through 16, 2pm (431 voters) and the Board signed the pollbooks.
 - The Board signed the audit log for the executed 75 civilian absentee ballots.
 - The Board verified the sealed polybag containing the 75 original civilian absentee ballots and 1 UOCAVA ballot.
- Chairman Quinn motioned to approve the 1 UOCAVA ballot. Member Watson seconded the motion, and the Board approved the absentee ballots unanimously.
- Chairman Quinn motioned to approve the 74 civilian absentee ballots. Member Watson seconded the motion, and the Board approved the absentee ballots unanimously.

The General Assembly of North Carolina enacts:

SECTION 1.(a) For an election held in 2020, notwithstanding G.S. 163-229(b) and G.S. 163-231(a), and provided all other requirements for absentee ballots are met, a voter's returned absentee ballot shall be accepted and processed accordingly by the county board of elections if the voter marked the ballot in the presence of at least one person who is at least 18 years of age and is not disqualified by G.S. 163-226.3(a)(4) or G.S. 163-237(c), provided that the person signed the application and certificate as a witness and printed that person's name and address on the container-return envelope. SECTION 1.(b) For an election held in 2020, notwithstanding G.S. 163-42(b), in making appointments of the precinct assistants for each precinct in a county, the county board of elections shall ensure that at least one precinct assistant is a registered voter of the precinct, but may appoint registered voters from other precincts of the same county as precinct assistants for the remaining positions if there are an insufficient number of precinct assistants who reside within the precinct to fill all positions for the precinct, provided that the registered voter meets all qualifications to be a precinct assistant other than residence. For an election held in 2020, notwithstanding G.S. 163-41(c), the county board of elections shall ensure that at least one position of chief judge or judge is a registered voter of the precinct, but may appoint a registered voter from other precincts of the same county to fill the other two positions of chief judge or judge in a precinct, provided that the registered voter meets all other qualifications to be a chief judge or judge other than residence.

SECTION 1.(c) For an election held in 2020, any individual working as part of a multipartisan team trained and authorized by the county board of elections pursuant to G.S. 163-226.3 may assist any voter in the completion of a request form for absentee ballots or in delivering a completed request form for absentee ballots to the county board of elections and may serve as a witness for the casting of absentee ballots.

If the team consists of more than two members, voters who are unaffiliated or affiliated with other political parties recognized by the State may be team members. If a county board of elections finds an insufficient number of voters available to meet this requirement, the county board of elections, upon a unanimous vote of all of its sworn members, may appoint an unaffiliated team member to serve instead of a team member representing one of the two political parties having the highest number of affiliated voters in the State."

SECTION 2.5.(b) This section is effective when it becomes law and applies to appointments to a multipartisan team on or after that date.

The container-return envelope shall be printed in accordance with the instructions of the State Board, which shall prohibit the display of the voter's party affiliation on the outside of the container-return envelope."

Summary of HB 1169: Bipartisan Elections Act of 2020

Session Law 2020-17, became law on June 12, 2020

Effective July 1, 2020 to December 31, 2020:

- Witness requirement:
 - Only one witness is required for the absentee container return envelope. [The notary section on the envelope will be removed.]
- MAT team assistance:
 - A Multipartisan assistance team (MAT) may assist any voter in completing an absentee request form, delivering the absentee request form, and serving as a witness for the casting of the absentee ballot. **This section expands MAT teams to be able to serve any voter who requests assistance for the November 2020 election.**

Effective when it becomes law until December 31, 2020:

- Precinct official residency:
 - Only one precinct assistant is required to be a resident of the precinct, and only one judge or chief judge is required to be a resident of the precinct. All other precinct officials may be registered voters in any precinct in the county.
- Method of absentee request submission:
 - Absentee requests may be submitted by email or fax, in addition to being delivered in person or sent by mail or commercial carrier. [As was previously required, the request must be submitted by the voter, the voter's near relative or verifiable legal guardian, or a member of a MAT team.]
- MAT team assistance:
 - The State Board and DHHS will develop guidance to safely allow MAT teams to assist voters in hospitals, clinics, nursing homes, assisted living, or other congregation living situations during the general election. The agencies will submit a report to the Joint Legislative Oversight Committee on General Government, the Joint Legislative Elections Oversight Committee, and the Governor by August 1, 2020, detailing the program.

These changes modify the general statutes, meaning they apply in future years as well:

- MAT teams:
 - The bill defines "multipartisan team," or MAT, to require at least two registered voters of the county. The two political parties having the highest number of affiliated voters in the State, as reflected by the registration statistics published by the State Board on January 1 of the current year, shall each be represented by at least one team member of the party's affiliation, as recommended by the members of that political party serving on the county board of elections. If the team consists of more than two members, voters who are unaffiliated or affiliated with other

political parties recognized by the State may be team members. If a county board of elections finds an insufficient number of voters available to meet this requirement, the county board of elections, upon a unanimous vote of all of its sworn members, may appoint an unaffiliated team member to serve instead of a team member representing one of the two political parties having the highest number of affiliated voters in the State.

- **The central change in this section is to require that the Democratic member of the MAT be recommended by the Democratic county board of election members, and the Republican member of the MAT be recommended by the Republican county board of elections members. The remainder of the change codified existing guidance in an agency rule.**
- This section only applies to appointments to MATs on or after the date the bill becomes law, and thus grandfathers in current MAT members.
- Tracking absentee ballots:
 - Beginning September 1, 2020, the absentee container return envelope must contain a bar code or unique identifier to allow the county board of elections and voter to track their ballot following return of the voted ballot to the county board by the voter.
 - [Voters are already able to track their returned ballot using the Voter Lookup tool on the State Board's website. We are considering procuring a software that would allow voters to receive text, email, or phone notifications as to the status of their ballot as well.]
- Absentee meetings:
 - Effective when the bill becomes law, county boards of elections will begin holding absentee meetings starting the fifth Tuesday before the election. This is a change from previous law, which had absentee meetings begin the third Tuesday before the election.
- Blank request forms:
 - A voter may call the State Board of Elections or county board of elections to request a blank absentee request form be sent to them by mail, email or fax. [This procedure was already permitted under prior law.]
 - [Please note that, as detailed in an email from General Counsel Love on June 4, 2020, absentee request forms that are pre-filled by someone other than the voter or the voter's near relative or legal guardian are invalid.]
- Absentee request portal:
 - The State Board of Elections is required to create an online absentee request portal by September 1, 2020. Purchase and contract requirements are waived, and the portal must include the following features:
 - Track the IP address of anyone who accesses the portal;
 - Require all information on the absentee request form; and
 - Require an electronic signature as defined by the Uniform Electronic Transaction Act of the voter or their near relative or legal guardian.The bill also allocates federal grant money for the portal. The portal will also help improve security for UOCAVA ballots, which are currently handled through mail, fax, or email.

- The State Board shall submit a report to the Joint Legislative Elections Oversight Committee regarding online requests for absentee ballots, including the total number of absentee ballots requested online by county, and the results of any cybersecurity investigations related to online requests during the 2020 general election by February 1, 2021.
- New felony:
 - Effective July 1, 2020, the bill makes it a Class I Felony for any State Board or county board of elections member or employee to knowingly send or deliver an absentee ballot to a person who did not request one as required by Chapter 163. [Please also see G.S. § 163-275(3), which already made it a class I felony for an election officer or board member to “knowingly to make any false or fraudulent entry on any election book or any false or fraudulent returns, or knowingly to make or cause to be made any false statement on any ballot, or to do any fraudulent act or knowingly and fraudulently omit to do any act or make any report legally required of that person.”]
- Certain prohibitions:
 - The State Board of Elections or Executive Director are prohibited from sending absentee ballots without a valid request or conducting an election by all mail-in ballots. [These procedures were not permitted under prior law.]
- Provisional reporting:
 - Requires precinct officials to report unofficial provisional totals to the county board of elections.
 - Requires that by noon two days after Election Day, the county board shall publish the number of provisional ballots cast on Election Day, at one-stop, and civilian and UOCAVA absentees received by Election Day. [The State Board intends to set up a process to assist county boards with this reporting requirement.]
- Reporting of undervotes and overvotes with precinct sort:
 - As part of the precinct sort conducted pursuant to G.S. § 163-132.5G, the county board shall report, by precinct for each item on the ballot, the number of voters who did not select a choice for that item on the ballot and the number of voters who selected more choices than available for that item on the ballot.
 - If a county board does not comply with this requirement, the State Board shall direct the chair of the county board to appear and explain the delay at the next official meeting of the State Board.
- The bill requires DMV to allow individuals to renew special ID cards in person and online.
- The bill adds public assistance IDs issued by the federal or state government to the list of acceptable IDs for photo ID purposes. **The photo ID law is currently enjoined by state and federal courts, and so this change will not be in place unless the injunctions are lifted.**

Federal funding is allocated as follows:

- CARES Act funds
 - The bill provides a state match of \$2,120,497 that allows the state to access federal CARES Act funds (\$10,987,295).

- The CARES Act funds shall be used for permitted purposes and allocated as follows:
 - \$424,000 for the State Board to establish an online absentee request portal.
 - For the county boards:
 - \$30,000 base allocation for each Tier 1 county
 - \$25,000 base allocation for each Tier 2 county
 - \$20,000 base allocation for each Tier 3 county
 - For counties conducting the second primary, \$400,000 to be allocated on a per registered voter basis
 - \$6 million for one-stop on a per registered voter basis as of May 8, 2020
 - Remaining funds to be distributed to the counties on a per registered voter basis.
- 2020 HAVA funds
 - The bill provides a state match of \$2,335,488 that allows the state to access federal HAVA funds (\$11,677,441). Funds shall be used for permitted purposes and may not supplant county funds.
 - Each county board is entitled to a minimum of \$10,000 and a maximum of \$250,000 per county.
 - The State Board may use the remaining funds as follows:
 - \$138,000 for a portal for UOCAVA ballots
 - \$868,000 for State Board security improvements
 - \$100,000 for Attack Response Kits to be deployed to CBEs in the event of a cyber attack

 - \$605,000 for ballot-on-demand capacity for county boards
 - \$456,000 for State Board helpdesk software
 - \$300,000 for public education campaign about election law changes and other procedures in response to the pandemic
 - The State Board shall report on HAVA funds spent to the chairs of the Joint Legislative Oversight Committee on General Government and the Joint Legislative Elections Oversight Committee. An initial report is due by August 15, 2020 and a follow up with any additional expenditures by December 1, 2020. The report shall be confidential.
 - The State Board shall coordinate with Emergency management for the purchase and deployment of PPE to the county boards.
 - The State Board shall submit a report to the Joint Legislative Elections Oversight Committee, the Joint Legislative Oversight Committee on General Government, and the Fiscal Research Division on the use of the funds appropriated under Sections 11.1 through 11.3 of this act no later than February 1, 2021. Counties receiving funds pursuant shall provide the State Board of Elections the following information identified in the session law.
