

HAZARD MITIGATION GRANT PROGRAM

Buncombe County residents can apply for HMGP funding to make properties more resilient against natural disasters.

If you qualify, the program offers **4** property improvement project options:

1 ELEVATION PROJECT

raises your property 2-ft above flood levels & replaces the old foundation

2 MITIGATION RECONSTRUCTION

a new property built on a new foundation that is also 2-ft above flood levels.

3 ACQUISITION PROJECT

buys your property at pre-disaster value, demolishes it & turns the area into greenspace forever.

4 SLOPE STABILIZATION

landslides that threaten roads, bridges and/or structures may also apply

Commercial properties and second homes are eligible for HMGP but primary homes are prioritized.

HOW TO APPLY

Watch the video & fill out the 'HOMEOWNER INTEREST FORM' here:
