MANAGERSMESSAGE

Dear Buncombe County Residents,

We are pleased to present the Buncombe County Popular Annual Financial Report (PAFR) for the fiscal year ending June, 30 2014. Analyzing financial statements can be challenging, especially for those who do not do so on a regular basis. The PAFR is designed to address that issue by providing a summary of the County's financial position in a user friendly format. The PAFR also represents the ongoing commitment of Buncombe County officials to keep citizens informed about County finances and to be accountable for the receipt and use of public funds.

The PAFR summarizes and simplifies the information contained in the Buncombe County Comprehensive Annual Financial Report (CAFR). We encourage you to read the CAFR, which is prepared in accordance with Generally Accepted Accounting Principles (GAAP) and is audited by an independent Certified Public Accounting firm. The CAFR contains more detailed and extensive information, such as the audited financial statements, notes, schedules and other relevant information. The CAFR is available online at http://www.buncombecounty.org/Governing/Depts/ Administration/Finance/FinancialReports.aspx. If you have questions concerning the financial reports or would like additional information, you may send an email to Financeinfo@buncombecounty.org or call the Finance Department at 828.250.4130

The PAFR is intended to be a supplement to the CAFR, not a replacement. The information contained in the PAFR is unaudited and focuses more on the primary governmental activities. It is designed to be a user-friendly report on Buncombe County's overall financial position.

We hope that you find the PAFR to be informative and understandable. As you review the PAFR, please share any questions, concerns or recommendations that you may have with us. We value your input and look forward to addressing any comments you may have.

Property taxes make up 63.65% of the total General Fund revenues and are assessed and collected for things such as real estate, business and personal property assets, and motor vehicles. GOVERNMENT-WIDE STATEMENTS

The government-wide statements look at Buncombe County as a single, integrated unit and use the full accrual basis of accounting. Exhibits 1 and 2 in the CAFR are governmentwide statements and are separated by the governmental activities and the business-type activities.

The charts below focus only on the governmental activities. The business-type activities, which include services such as the Landfill, can be viewed in the Comprehensive Annual Financial Report. The Management's Discussion and Analysis in the Comprehensive Annual Financial Report also provides narrative information on changes in net position and activities.

OUTSTANDING**DEBT**

Buncombe County's outstanding long-term debt increased by \$149 million during fiscal year 2014, due to financing required for education-related capital projects. As of June 30, 2014, Buncombe County's total debt outstanding was \$438.7 million, of which \$144 million is for the public school system and \$84 million is for the community college. The Management's Discussion & Analysis in the CAFR provides more in-depth narrative on the outstanding debt of Buncombe County.

Under North Carolina law, the County is responsible for providing capital funding for both education systems. Because the assets funded by Buncombe County are owned and utilized by the school systems, Buncombe County has incurred a liability (what we owe) without a corresponding increase in assets (what we own).
