## **Report On Internal Control Over Financial Reporting And On Compliance And Other Matters Based On An Audit Of Financial Statements Performed In Accordance With Government Auditing Standards**

TO THE BOARD OF COUNTY COMMISSIONERS  
BUNCOMBE COUNTY, NORTH CAROLINA

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregated remaining fund information of Buncombe County, North Carolina as of and for the year ended June 30, 2007, which collectively comprises Buncombe County's basic financial statements, and have issued our report thereon dated November 28, 2007. We did not audit the financial statements of the Asheville Area Regional Airport Authority. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Asheville Area Regional Airport Authority is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Buncombe County's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards. We noted certain matters that we reported to management of Buncombe County in a separate letter dated November 28, 2007.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered Buncombe County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of Buncombe County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the County's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the County's financial statements that is more than inconsequential will not be prevented or detected by the County's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the County's internal control.

BOARD OF COMMISSIONERS

Page two

Our consideration of the internal control over financial reporting was for limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

This report is intended for the information of the audit committee, management, members of the Board of Commissioners, and federal and state awarding agencies and pass-through entities. However, this report is a matter of public record and its distribution is not limited.
