

Buncombe County Pregnancy Care Management Referral

Pregnancy Care Management services are available to pregnant and postpartum women receiving Medicaid who have risk factors which may put them at risk for poor birth outcomes. We are working together to improve birth outcomes in the Medicaid population through coordinated, evidence-based maternity care for women at risk for poor birth outcomes, with a focus on quality improvement.

*Working together to
improve the health of
mothers and babies in the
NC Medicaid population*

Priority risk factors include:

History of preterm birth
(less than 37 completed weeks)

History of low birth weight
(less than 2500 grams / 5 lbs. 8 oz.)

Late entry to prenatal care (after 14 weeks)

Chronic medical and/or behavioral
health conditions which may
complicate pregnancy

Fetal complications

Multiple gestation

Unsafe living environment
(violence / abuse or homelessness /
unstable housing)

Substance use (use in the month prior to
pregnancy or current use) or tobacco use
(quit smoking after learning of pregnancy
or smokes now)

Missing two or more prenatal appointments without
rescheduling
