SERVICE REQUESTED:

Water Supply Sample with Site Visit (Drilled Well Only) This service includes a full inspection of your well, if accessible, and certifies that the sample results meet State bacteriological standards. If your sample result is positive for bacteria, the service includes a second visit to resample your well after you have completed the chlorination procedure.

Bacterial Analysis	\$50.00 _____
Bacterial + Chemical Analysis	\$75.00 _____
Pesticides, Herbicides, Petroleum, Volatile Organic (Separate Fee Each)	\$75.00 _____
Chemical Panel	\$70.00 _____
Nitrate/Nitrite	\$30.00 _____

Water Supply Sample Without Site Visit This service provides a water test which only reflects a result of a sample of water you submitted to our Laboratory. Without a site inspection of the water supply, the sample may not be considered certified. Some lending institutions require a certified sample. For lending purposes please check with your lending institution for certification requirements.

Self-Collect Bacterial Analysis Only **\$25.00** _____
