Buncombe County Equal Employment Opportunity Plan (EEOP)

Plan Statement

Buncombe County is committed to the principle that equal employment opportunity in the public sector of the County must be afforded to all persons, regardless of race, natural hair or hairstyles, ethnicity, creed, color, sex, sexual orientation, gender identity or expression, national origin or ancestry, marital or familial status, pregnancy, veteran status, religious belief or non-belief, age, disability or any other legally protected class under federal or NC State law. No persons shall suffer discrimination with respect to employment or other terms or conditions of employment by reason of such person’s status as enumerated above.

Buncombe County recognizes that equal employment opportunity may be ensured only by a carefully administered and practiced program designed to eliminate any practices, standards or conditions tending to result in discrimination, and by initiating positive efforts in recruitment, examination, selection, promotion, pay, and training procedures to extend equal employment opportunities to all qualified persons without limiting, segregating, or classifying employees and applicants for employment in any way which would deprive any individual of employment opportunities or otherwise affect his or her status as an employee because of such individual’s race, natural hair or hairstyles, ethnicity, creed, color, sex, sexual orientation, gender identity or expression, national origin or ancestry, marital or familial status, pregnancy, veteran status, religious belief or non-belief, age, disability or any other legally protected class under federal or NC State law.

Objectives

- To achieve and advance equity in employment opportunities for all qualified persons without regard to race, natural hair or hairstyles, ethnicity, creed, color, sex, sexual orientation, gender identity or expression, national origin or ancestry, marital or familial status, pregnancy, veteran status, religious belief or non-belief, age, disability or any other legally protected class under federal or NC State law.

- To identify and remove any artificial, arbitrary or unnecessary barriers to employment which operate to discriminate on the basis of race, natural hair or hairstyles, ethnicity, creed, color, sex, sexual orientation, gender identity or expression, national origin or ancestry, marital or familial status, pregnancy, veteran status, religious belief or non-belief, age, disability or any other legally protected class under federal or NC State law.
• To increase employment opportunities and equal participation of all qualified persons by eliminating non-job related factors, conditions and requirements from any job vacancies.
• To evaluate the County's personnel activities and management to ensure compliance with state and federal employment regulations.
• To align with the goals of the Racial Equity Action Plan.
• To continue providing reasonable accommodation to employees and applicants with disabilities and for religious observances and practices.
• To provide an environment that allows for employees and applicants for employment to report incidents of discrimination or harassment without fear of retaliation, and committed to take prompt action when an employee, workforce member or non-employee has been found engaging in discrimination, retaliation or harassment (including sexual harassment) while conducting business on behalf of the County.

Scope
• The scope of this EEOC encompasses all phases of personnel management including, but not limited to, recruitment, applicant screening, examination, hiring, transfer, promotion, discipline, termination, compensation, benefits, and training.
• The Human Resources Director will oversee a program of outreach recruitment of qualified non-majority individuals for County employment and endeavor to attract such persons using a variety of recruitment methods and sources, including diversity focused websites and social media advertisements.
• The Human Resources Director will ensure that actions during employment, such as transfers, promotions and training opportunities will be available and accessible to all on a job-related basis. They will further ensure that all applicable personnel actions do not result in unlawful discrimination.
• Personnel data, including applicant and workforce demographics and disaggregated promotion and disciplinary action information will be gathered and stored in such a way that allows it to be monitored and reportable as necessary.
• All department heads will be responsible for implementing, practicing, and ensuring equal employment opportunity within their department. All department heads, managers and supervisors will be required to ensure their employees are aware of anti-discrimination practices and how to report such incidents, as outlined in County policies and procedures.
• The Human Resources Department will provide annual workplace anti-discrimination and anti-harassment trainings to all staff.
Utilization Reports will be produced annually, which will include a compilation key employment data, organized by race, national origin and sex related to the following employment actions across major job categories: Recruitment; Applicant screening; Hiring; Promotion; Termination; Transfer; and Discipline. Reports will include analysis of underutilization and include objectives as needed regarding policy or practice enhancements to increase equal opportunity and representation. Utilization reports and related certifications will be submitted as needed to third parties for the purpose of compliance with federal funding regulations.

This EEOP and Utilization Reports will be disseminated for inspection by County employees via the organizational intranet site, and the information will be externally disseminated to the public via the County website. Applicants, vendors and contractors will be notified in writing that the County has developed an EEOP and that it is available on request for review. The Human Resources Department will be available to explain the purposes and objectives of the Equal Employment Opportunity Plan to all County employees.

The County will continue to support the work of equity focused teams tasked with obtaining and maintaining data and data sources, review and revision of policies, procedures and protocols, all with the focus of continuing our efforts towards a more equitable workforce. County department heads will ensure representation in such groups from diverse workforce members and allow for active participation in such groups.
