

Strategy 2: Diversion to Behavioral Health & Substance Abuse Treatment

Strategy Overview

- This strategy aims to **reduce the number of times people are booked**, particularly our most frequent familiar faces.
- Under this strategy, we will implement two activities for an **estimated jail bed reduction of 5 beds per day**.

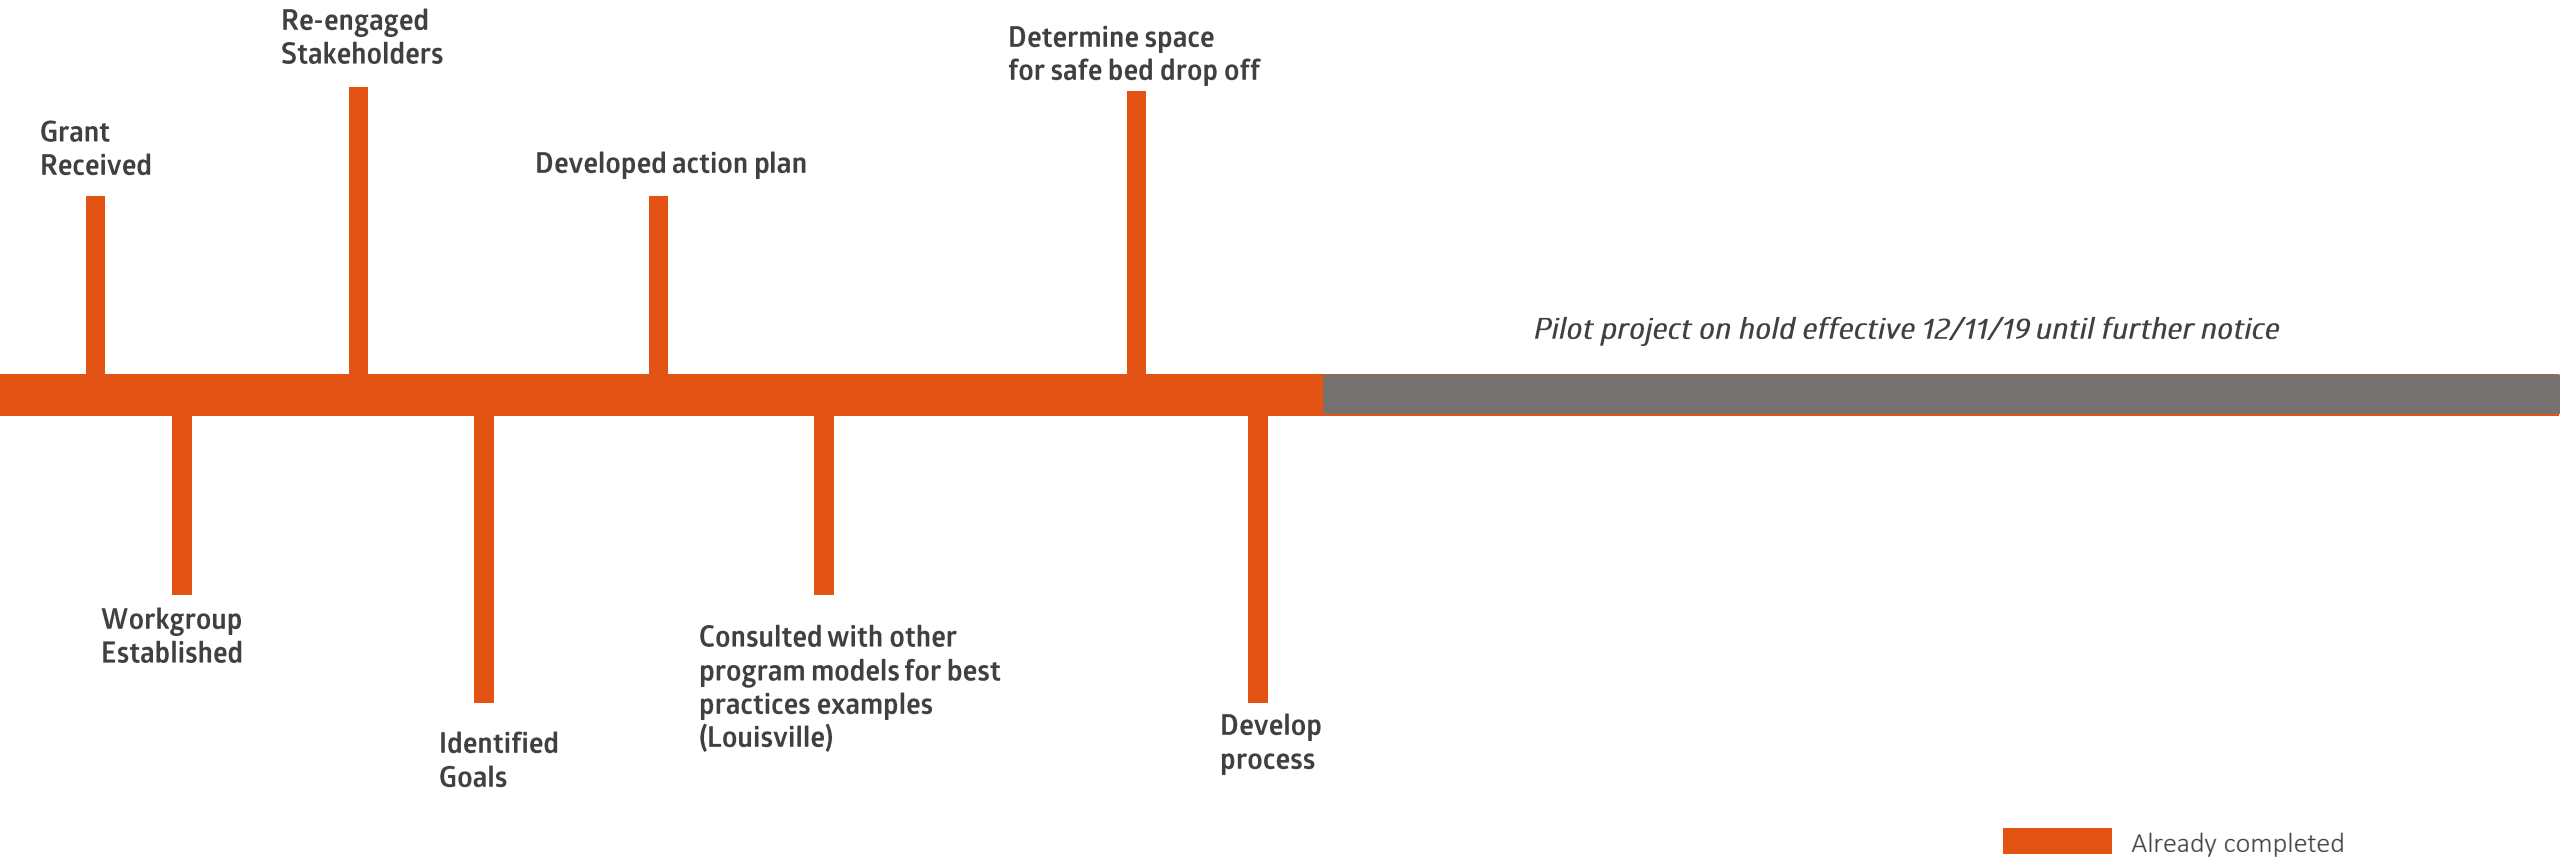

Activities

1. Improving pre-arrest drop off options for law enforcement
2. Enhancing support for the detention facility's most familiar faces (individuals who have five or more bookings in a six month period)
