Strategy 3: Enhancing Pretrial Services

**Strategy Overview**

- Strategy three is Enhancing Pretrial Services and it is aimed at reducing the number of people who are entering our detention facility and the length of time people who are awaiting trial spend in the detention facility.
- Under this strategy, we will implement three activities for an estimated jail bed reduction of 12 beds per day.

**Activities**

1. Examining pretrial supervision assignment practices
2. Evaluating and improving current risk assessment and interview practices
3. Modifying technical violation policy and supervision practices.
