We are a place where people involved with the justice system can access meaningful services to help them on a path to stability and wellness.
Why It Matters

Involvement in the criminal justice system can carry lifelong impacts on the health, safety and well-being of individuals, families, and neighborhoods.

Many individuals with justice involvement are also impacted by poverty, trauma, mental illness and/or substance use disorders. We provide services and seamless linkage to community resources.

Services Provided

Provide wrap-around assistance and stability for Re-entry clients in the following areas:

- Job searching and job skills development
- Direct referral to employers
- Educational goals
- Transportation assistance
- Transitional Housing assistance
- Coordination of Mental Health/Substance Abuse Treatment

Eligibility

Participation in the Re-entry Services program is voluntary and open to any individual returning to Buncombe County from incarceration in prison.

Referrals

Many clients are referred through the courts, law enforcement, attorneys, community supervision and area service providers.

We accept self-referrals on a case by case basis.

Goal

We strive to reduce recidivism in terms of failure to appear, new arrest, and parole violation with individuals post-conviction/post-incarceration through increasing access to employment, housing, transportation and education.
