

## Mission Statement

The mission of the Buncombe County Sobriety Court (Sobriety Court) Program is to make our streets safe; to create an effective and responsible partnership with community resources; and to foster accountability for the participants by increasing treatment and supervision for the repeat impaired driver.

## How Does It Work?

Sobriety Court is a voluntary, court supervised, intensive treatment court for DWI offenders who have been identified as having a substance use problem. Sobriety Court consists of five phases totaling a **minimum** of 14 months. The length of Sobriety Court can be extended, if necessary.

Substance use treatment is an integral part of Sobriety Court. Substance use treatment is clinically facilitated group and individual sessions provided by a community-based partner agency. Regular attendance at community recovery meetings and random drug screening is also required. The Sobriety Court Coordinator will assist you with navigating through the Sobriety Court phases. The Coordinator can also assist you with referrals to other agencies for vocational training, educational support or employment.

Each Sobriety Court participant is held accountable. Success in Sobriety Court lies solely on the participant.

## Sobriety Court Expects You To:

- Be a resident of Buncombe County.
- Comply with probation including, but not limited to, drug screens, home visits and curfew.
- Inform Probation of **all** physician or dental appointments.
- Obtain a comprehensive clinical assessment.
- Attend and participate in all recommended levels of treatment.
- Sign waivers of confidentiality.
- Obtain/maintain stable, substance-free housing.
- Maintain sufficient periods of sobriety from drugs and alcohol to progress through the Sobriety Court Phases.
- Obtain GED, if applicable.
- Obtain/maintain full-time employment.
