The Ruining, by Anna Collomore

Annie takes on a job as a nanny in the San Francisco area and uncovers many secrets and faces many difficulties. She discovers many things that help her solve a suspenseful crime. I loved the thrilling plot and would recommend to fans of mysteries and suspense.

Maximum Ride series, by James Patterson

I like these books because they have to be kept secret. I also like how at the end they see Ari's father. I also loved how Emma figured out that Max had wings and was able to keep calm, not freak out.
