### **Executive Summary**

ETC Institute (2024) Page i

#### **Purpose**

During January and February 2024, ETC Institute administered a community survey for Buncombe County. The purpose of the survey was to gather input from residents on service quality, priorities and overall performance. This is the second time ETC Institute has administered a resident survey for Buncombe County; the first was conducted in 2021.

#### Methodology

A six-page survey was mailed to a random sample of households throughout Buncombe County. The mailed survey included a postage-paid return envelope and a cover letter. The cover letter explained the purpose of the survey, encouraged residents to return their surveys in the mail, and provided a link to an online survey for those who preferred to complete the survey over the internet (BuncombeCountySurvey.org).

Ten days after the surveys were mailed, ETC Institute sent follow-up text messages to the households that received the survey to encourage participation. The messages contained a link to the online version of the survey to make it easy for residents to complete the survey. To prevent people who were not residents of Buncombe County from participating, everyone who completed the survey online was required to enter their home address prior to submitting the survey. ETC Institute then matched the addresses that were entered online with the addresses that were originally selected for the random sample. If the address from a survey completed online did not match one of the addresses selected for the sample, the online survey was not counted.

The goal was to receive at least 500 completed surveys. This goal was met, with a total of 511 households completing a survey. The results for the random sample of 511 households have a 95% level of confidence with a precision of at least +/-4.3%. There were no statistically significant differences in the results of the survey based on the method of administration (mail vs. online).

Interpretation of "Don't Know" Responses. The percentage of "don't know" responses has been excluded from many of the graphs in this report to assess satisfaction with residents who had used County services and to facilitate valid comparisons with other communities in the benchmarking analysis. Since the number of "don't know" responses often reflect the utilization and awareness of County services, the percentage of "don't know" responses have been included in the tabular data in Section 4 of this report. When the "don't know" responses have been excluded, the text of this report will indicate that the responses have been excluded with the phrase "who had an opinion."

ETC Institute (2024) Page ii

This report contains the following:

- a summary of the methodology for administering the survey and major findings
- charts showing the overall results for the survey, including comparisons to the 2021 survey results (Section 1)
- benchmarking data that show how the results for Buncombe County compare to other communities in the region and nationally (Section 2)
- Importance-Satisfaction analysis that identifies priorities for investment (Section 3)
- tabular data showing the overall results for all questions on the survey (Section 4)
- a copy of the cover letter and survey instrument (Section 5)

#### **Major Findings**

<u>Perceptions of Buncombe County.</u> Eighty-five percent (85%) of residents, who had an opinion, rated the County "excellent" or "good" (rating of 4 or 5 on a 5-point scale) as a place to visit; 70% gave the County "excellent" or "good" ratings as a place to play, and 60% indicated the County was an "excellent" or "good" place to live.

<u>Satisfaction with Core County Services.</u> Seventy-seven percent (77%) of respondents, who had an opinion, were satisfied (rating of 4 or 5 on a 5-point scale) with the quality of County library services. Other County services that respondents were satisfied with include: quality of emergency medical services (EMS) (74%), quality of emergency 911 services (69%), quality of the County's election services (61%), and quality of the County's parks and recreation services (60%).

Based on the sum of their top three choices, the core County services that respondents think should be emphasized over the next two years are: 1) quality of County development, planning, and zoning, 2) quality of public health services, 3) quality of Buncombe County social services.

Agreement with Statements About the County. Sixty-two percent (62%) of respondents, who had an opinion, agreed (rating of 4 or 5 on a 5-point scale) with the statement, "I have equitable access to County services." Other statements in which respondents agreed include: "If I needed substance use disorder prevention and rehabilitation services, I could access them" (42%), "If I needed mental health services, I could access them" (41%), and "Buncombe County is a place where I have adequate access to healthcare" (38%).

<u>Satisfaction with County Communication.</u> Fifty-eight percent (58%), who had an opinion, were satisfied (rating of 4 or 5 on a 5-point scale) with information provided through the County emergency alert system. Other communication services that respondents were satisfied with include: how easy the County's website is to use (46%), availability of information about Buncombe County services and activities (42%), and County efforts to connect residents with resources like community markets, election resources, and public health services like vaccines (40%).

ETC Institute (2024) Page iii

Based on the sum of their top two choices, the communication services that respondents think should be emphasized over the next two years are: 1) level of public involvement in County decision making and 2) County efforts to be open and transparent with information about County issues, services, and performance.

<u>Perceptions of Safety in the County.</u> Eighty-eight percent (88%), who had an opinion, felt safe (rating of 4 or 5 on a 5-point scale) when alone in their neighborhood during the day; 72% felt safe when alone in their neighborhood at night, and 57% felt safe overall in Buncombe County.

<u>Sheriff's Office.</u> Twenty-two percent (22%) of respondents indicated they or other members of their household interacted with the Buncombe County Sheriff's Office during the past year. Of those, 76% who had an opinion were satisfied (rating of 4 or 5 on a 5-point scale) with the professionalism of sheriff office personnel; 74% were satisfied with their engagement with law enforcement, and 62% were satisfied with the sheriff's office relationship with the community.

<u>Customer Service.</u> Forty-two percent (42%) of respondents indicated they or other members of their household contacted employees of Buncombe County or visited the County's website to seek services, ask a question, or file a complaint during the past year. Of those, 77% who had an opinion were satisfied (rating of 4 or 5 on a 5-point scale) with the courtesy of the County employee(s) they interacted with; 66% were satisfied with the accuracy of the information they were given; 65% were satisfied with the overall quality of customer service received, and 64% were satisfied with the appropriateness of County employees' response.

#### **Other Findings**

Respondents were asked to indicate the level of importance of future priorities for the County.
Ninety percent (90%) who had an opinion indicated providing equitable access to quality
healthcare is "very important" or important (ratings of 4 or 5 on a 5-point scale). Other priorities
that respondents indicated were "very important" or "important" include: providing equitable
access to quality mental healthcare (89%), addressing homelessness (88%), increasing public
safety (87%), increasing conservation of farms and environmentally sensitive lands (84%), and
reducing substance use disorder (84%).

Based on the sum of their top four choices, the future priorities for the County that respondents think should be emphasized over the next two years are: 1) providing equitable access to housing, 2) addressing homelessness, 3) providing equitable access to quality healthcare, and 4) addressing gun violence.

• Based on the sum of their top three choices, the preferred sources used by respondents to learn about County news, events, and other information are: 1) local TV news, 2) social media (Facebook, X, Instagram, etc.), and 3) BuncombeCounty.org.

ETC Institute (2024) Page iv

More than a third of respondents (34.1%) indicated they would go to a friend or family's home out of state if there were an emergency and a temporary evacuation were required; 17.4% would go to a friend or family's home in Buncombe County; 25.2% would go to a friend or family's home in state, but out of the County; 5.5% would go to an emergency shelter, and 11.4% would not evacuate. The remaining 6.5% did not have an opinion.

Most respondents (87.1%) indicated that during an emergency they would be able to self-evacuate, and 43.1% indicated they are prepared for a disaster.

#### **Investment Priorities**

**Recommended Priorities for the Next Two Years.** In order to help the County identify investment priorities for the next two years, ETC Institute conducted an Importance-Satisfaction (I-S) analysis. This analysis examined the importance that residents placed on each County service and the level of satisfaction with each service.

By identifying services of high importance and low satisfaction, the analysis identified which services will have the most impact on overall satisfaction with County services over the next two years. If the County wants to improve its overall satisfaction rating, it should prioritize investments in services with the highest Importance-Satisfaction (I-S) ratings. Details regarding the methodology for the analysis are provided in the Section 3 of this report.

**Overall Priorities for the County by Core Services.** This analysis reviewed the importance of and satisfaction with Core County services. This analysis was conducted to help set the overall priorities for the County. Based on the results of this analysis, the services that are recommended as the top priorities for investment in order to raise the County's overall satisfaction rating are listed below:

- Quality of County development, planning, and zoning (I-S Rating = 0.4526)
- Quality of public health services (I-S Rating = 0.1761)
- Quality of Buncombe Couty social services (I-S Rating = 0.1602)
- Efforts to reduce barriers and be more equitable & inclusive (I-S Rating = 0.1548)

The table on the following page shows the Importance-Satisfaction rating for all 13 core County services that were rated.

ETC Institute (2024) Page v

by percentage of respondents (without *not provided* responses)

## Benchmarking Analysis

## **Benchmarking Analysis**

#### Overview

ETC Institute's *DirectionFinder®* program was originally developed in 1999 to help community leaders use statistically valid community survey data as a tool for making better decisions. Since November 1999, the survey has been administered in more than 500 cities and counties in 49 states. Most participating communities conduct the survey on an annual or biennial basis.

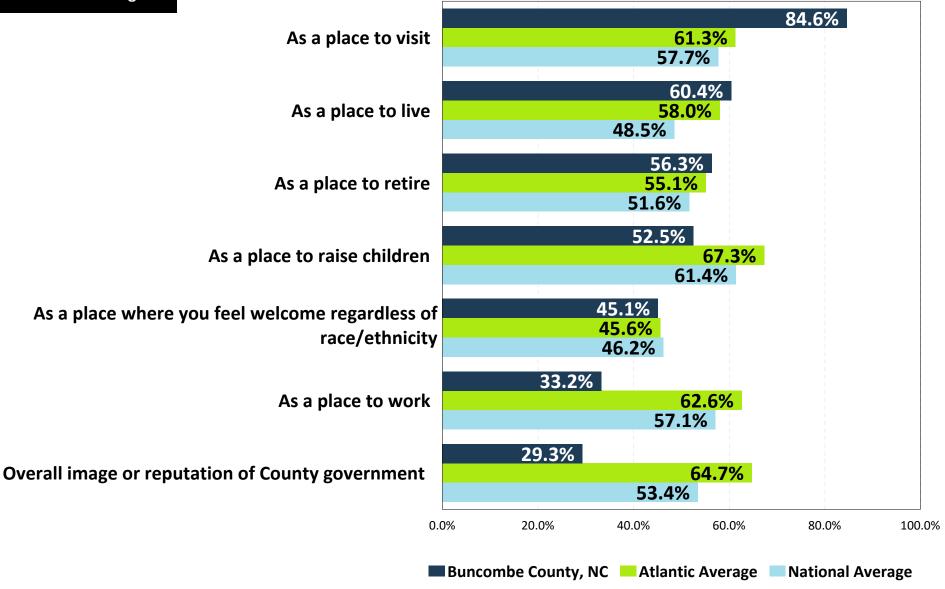

This report contains benchmarking data from two sources: (1) a national survey that was administered by ETC Institute during the summer of 2023 to a random sample of over 10,000 residents in the continental United States and (2) a regional survey that was administered by ETC Institute during the summer of 2023 to a random sample of residents living in the Atlantic Region of the United States. The states that make up the Atlantic Region are North Carolina, Virginia, West Virginia, Delaware, Maryland, and the District of Columbia.

The charts on the following pages show how the results for Buncombe County compare to the national average and the Atlantic regional average. The dark blue bar shows the results for Buncombe County. The green bar shows the Atlantic regional average from communities that administered the *DirectionFinder®* survey during the summer of 2023. The light blue bar shows the results of a national survey that was administered by ETC Institute to a random sample of more than 10,000 U.S. residents during the summer of 2023.

#### Level of Satisfaction with Communication

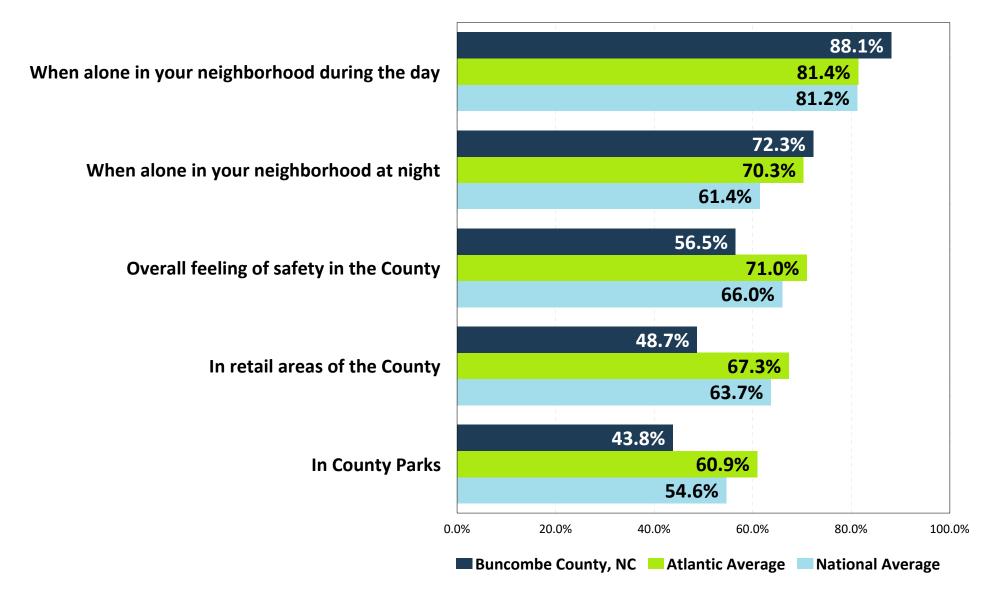

by the sum percentage of respondents that gave a rating of **very satisfied** or **satisfied** (excluding **don't know** responses)

### **Perceptions of Safety**

by the sum percentage of respondents that gave a rating of **very safe** or **safe** (excluding **don't know** responses)

## **Importance-Satisfaction Analysis**

#### Overview

Today, community leaders have limited resources which need to be targeted to activities that are of the most benefit to their citizens. Two of the most important criteria for decision making are (1) to target resources toward services of the <u>highest importance to citizens</u>; and (2) to target resources toward those services where <u>citizens</u> are the least satisfied.

The Importance-Satisfaction (I-S) rating is a unique tool that allows public officials to better understand both of these highly important decision-making criteria for each of the services they are providing. The Importance-Satisfaction (I-S) rating is based on the concept that public agencies will maximize overall customer satisfaction by emphasizing improvements in those areas where the level of satisfaction is relatively low, and the perceived importance of the service is relatively high.

The rating is calculated by summing the percentage of responses for items selected as the first, second, and third most important services for the County to emphasize over the next two years. The sum is then multiplied by 1 minus the percentage of respondents who indicated they were positively satisfied with the County's performance in the related area (the sum of the ratings of 4 and 5 on a 5-point scale excluding "Don't Know" responses). "Don't Know" responses are excluded from the calculation to ensure the satisfaction ratings among service categories are comparable.

#### I-S Rating = Importance x (1-Satisfaction)

#### **Example of the Calculation**

Respondents were asked to identify the core County services that were most important to their household. More than half (54.4%) of the respondent households selected "quality of County development, planning, and zoning" as one of the most important services for the County to emphasize over the next two years.

With regard to satisfaction, 16.8% of respondents surveyed rated "quality of County development, planning, and zoning" as a "4" or "5" on a 5-point scale (where "5" means "Very Satisfied") excluding "Don't Know" responses. The I-S rating was calculated by multiplying the sum of the most important percentages by one minus the sum of the satisfaction percentages. In this example, 54.4% was multiplied by 83.2% (1-0.168). This calculation yielded an I-S rating of 0.4526, which ranked first out of thirteen core County services analyzed.

## **Importance-Satisfaction Analysis**

The maximum rating is 1.00 and would be achieved when 100% of the respondents select an item as one of their top three choices of importance and 0% indicate they are positively satisfied with the delivery of the service.

The lowest rating is 0.00 and could be achieved under either of the following two situations:

- If 100% of the respondents were positively satisfied with the delivery of the service
- If none (0%) of the respondents selected the service as one of the two most important areas.

#### **Interpreting the Ratings**

Ratings that are greater than or equal to 0.20 identify areas that should receive significantly more emphasis over the next two years. Ratings from 0.10 to 0.20 identify service areas that should receive increased emphasis. Ratings less than 0.10 should continue to receive the current level of emphasis.

- <u>Definitely Increase</u> Emphasis (I-S > 0.20)
- <u>Increase</u> Current Emphasis (I-S = 0.10 0.20)
- <u>Maintain</u> Current Emphasis (I-S < 0.10)

Tables showing the results for Buncombe County are provided on the following pages.

## Importance-Satisfaction Analysis & Ratings

#### **Core County Services**

2024 Buncombe County Community Survey

**Buncombe County, NC** 

Category of Service	Most Important %	Most Important Rank	Satisfaction %	Satisfaction Rank	Importance- Satisfaction Rating	I-S Rating Rank
Very High Priority (I-S > 0.20)						
Quality of County development, planning, & zoning	54.4%	1	16.8%	13	0.4526	1
High Priority (I-S = 0.10-0.20)						
Quality of public health services	30.9%	2	43.0%	8	0.1761	2
Quality of Buncombe County social services	24.2%	3	33.8%	10	0.1602	3
Efforts to reduce barriers & be more equitable & inclusive	22.4%	4	30.9%	11	0.1548	4
Quality of Buncombe County's agricultural, soil & water services	19.8%	6	38.6%	9	0.1216	5
Quality of County's solid waste services	18.5%	7	44.5%	7	0.1027	6
Medium Priority (I-S < 0.10)						
Quality of County stormwater requirements	13.2%	10	26.4%	12	0.0972	7
Quality of County's parks & recreation services	20.4%	5	59.9%	5	0.0818	8
Quality of culturally diverse services & programming at County						
parks & libraries	8.6%	12	45.4%	6	0.0470	9
Quality of emergency 911 services	13.9%	9	69.1%	3	0.0430	10
Quality of emergency medical services (EMS)	14.5%	8	73.7%	2	0.0381	11
Quality of County library services	10.7%	11	76.7%	1	0.0249	12
Quality of County's election services	5.5%	13	61.0%	4	0.0215	13

Note: The I-S Rating is calculated by multiplying the "Most Important" % by (1-'Satisfaction' %)

Most Important %:

The "Most Important" percentage represents the sum of the first, second, and third most important responses for each service. Respondents were asked to identify the services they thought should receive the most emphasis over the next two years.

Satisfaction %:

The "Satisfaction" percentage represents the sum of the ratings "4" and "5" excluding don't knows.' Respondents ranked their level of satisfaction with the each of the services on a scale of 1 to 5 with "5" being very satisfied and "1" being very dissatisfied.

### Importance-Satisfaction Analysis & Ratings

#### Communication

2024 Buncombe County Community Survey

**Buncombe County, NC** 

Category of Service	Most Important %	Most Important Rank	Satisfaction %	Satisfaction Rank	Importance- Satisfaction Rating	I-S Rating Rank
Very High Priority (I-S > 0.20)						
Level of public involvement in County decision making	35.8%	1	18.2%	11	0.2928	1
County efforts to be open & transparent with information about County issues,						
services, & performance	26.8%	2	21.5%	10	0.2104	2
High Priority (I-S = 0.10-0.20)						
Effectiveness of County communication with public	20.6%	4	22.6%	9	0.1594	3
Availability of information about Buncombe County services & activities	26.0%	3	42.0%	3	0.1508	4
Timeliness of information provided by County	16.6%	6	26.7%	7	0.1217	5
County efforts to connect you with resources like community markets, election						
resources, & public health services like vaccines	17.2%	5	40.0%	4	0.1032	6
Medium Priority (I-S < 0.10)						
facilities	11.6%	7	31.8%	5	0.0791	7
Quality of County's social media outreach (Facebook, X, Nextdoor, etc.)	5.9%	9	30.7%	6	0.0409	8
Information provided through County emergency alert system	8.8%	8	58.0%	1	0.0370	9
How easy County's website (BuncombeCounty.org) is to use	5.8%	10	46.0%	2	0.0313	10
Quality of BCTV/YouTube-County's cable television channel	0.4%	11	22.9%	8	0.0031	11

Note: The I-S Rating is calculated by multiplying the "Most Important" % by (1-'Satisfaction' %)

Most Important %:

The "Most Important" percentage represents the sum of the first and second most important responses for each service. Respondents were asked to identify the services they thought should receive the most emphasis over the next two years.

Satisfaction %:

The "Satisfaction" percentage represents the sum of the ratings "4" and "5" excluding don't knows.' Respondents ranked their level of satisfaction with the each of the services on a scale of 1 to 5 with "5" being very satisfied and "1" being very dissatisfied.

## **Tabular Data**

## Q1. Perceptions of Buncombe County. Please rate Buncombe County with regard to the following using a scale of 5 to 1, where 5 means "Excellent," and 1 means "Poor."

(N=511)

	Excellent	Good	Neutral	Below average	Poor	Don't know
Q1-1. As a community committed to fair & equitable practices	8.6%	32.7%	29.5%	15.5%	6.8%	6.8%
Q1-2. As a community committed to green & sustainable practices	9.0%	40.7%	26.8%	14.3%	3.9%	5.3%
Q1-3. As a community that is moving in the right direction	5.1%	25.4%	26.6%	22.9%	16.8%	3.1%
Q1-4. As a place to attend college or a university	12.1%	39.1%	22.7%	13.9%	4.3%	7.8%
Q1-5. As a place to educate children	7.6%	32.7%	22.9%	18.8%	9.8%	8.2%

Q5-19. Other	77.8%	13.0%	7.4%	1.9%	0.0%

#### Q5-19. Other

- Accessibility for all citizens, including elderly / disabled, for parks, transportation ... one example is providing benches at EVERY bus stop, and covered ones near shopping
- ADDRESSING AFFORDABLE HOUSING AND AFFORDABLE CHILDCARE
- Addressing corruption in Agencies and law enforcement.
- Addressing the lack of available doctors and medical offices.
- Addressing the needs of RURAL county residents. We, in Broad River, have no quick access to law enforcement!
- Affordable healthcare
- As a part of the parks and rec, public safety, and public transportation we need to have safe ways to walk and ride
  bikes to allow for recreation as well as alternative transportation methods around the county. Increasing the public
  bus routes is a positive step; however, many residents of the county would love to have safe roads to commute by bike
  or walking to work, grocery, post office, library, etc... Presently too many of the county roads are lacking in shoulders
  and many more roads are physically crumbling.
- Assuring the visibility of LGBTQA people and protecting their rights, stories and lives.
- Better trash pick-up
- Buncombe EMs needs "true community care paramedics" the current program only focuses on drug addiction. True
  programs focus on the needs of the those unable to find or get the help they need such as elderly and frequent callers.
  Yes, drug addiction and repeat overdose patients are an issue but repeat callers for falls, lack of home care and other
  support are The Core of the community paramedic and this was skipped. Please address this.
- Combating homelessness by ensuring truly affordable housing with rent caps
- Community based zoning protecting the character of neighborhoods. Protection of natural environment through a more extensive permit process, with actual consideration of infrastructure, environmental impact.
- Control bear population within Asheville city limits
- cost of utility services
- Decrease prices
- Earn a living
- Economic development is priority one. Growth of the economy is the fuel that pays for all social services. If you don't have a strong economic base the county will shrink and more social services will be needed.
- Elderly/disabled sustainability; housing, care opportunities to improve situation
- ELIMINATING SHORT TERM RENTALS TO OVERTAKE RESIDENTIAL NEIGHBORHOODS
- Equitable sustainability and climate resilience.
- Expanding public transit in the city
- Funding and taking care of libraries instead of shutting them down. Swannanoa has damned near twice the national average of impoverished residents, and talking the library from them cuts off a vital lifeline to resources.
  - And if you think folding services into black mountain is viable, you've never had to live without transportation or access.
  - Swannanoa Branch is largely walkable and accessible to a group that is underserved by a county who continues to value outsider dollars over the well-being of its residents
- GET RID OF SHORT TERM RENTALS-AIRBNB'S ARE KILLING NEIGHBORHOODS
- How much development is too much?
- IMPROVING ROAD AND PEDESTRIAN INFRASTRUCTURE
- Improving road conditions. Enforcing littering laws. Cleaning up roadsides.
- IMPROVING SERVICES FOR ELDERLY/DISABLED INDIVIDUALS
- INCREASING AFFORDABLE HOUSING
- Investing in community infrastructure like sidewalks, street lights and bus stops.
- Leave STR's alone

#### Q5-19. Other

- LOWERING TAXES/STOP INCREASING TAXES
- MAKE CAR REPAIRS FOR DISABLED AVAILABLE THRU AN AGENCY TO HELP WHEN THEY CANT HELP THEMSELVES
- Mission Hospital should have never been sold. We are now retired and may move out of area as the hospital is so poor.
- MULTI-MODAL TRANSPORTATION
- Need for clear water; overdevelopment adds to problem with drought
- Need more public parks and public disc golf courses.
- Not allowing so many outside residents to buy up the homes.
- Opportunities for minorities and women
- OVER DEVELOPING
- PARKING DOWNTOWN
- PUBLIC SAFETY AND ROAD QUALITY
- Removing the catchphrases of "DEI", "Gun Violence" and "Equity" from any and all county documentation going forward.
- Repair roads & streets
- RUN GOVERNMENT SERVICES WITH TRUSTWORTHINESS AND STOP TRYING TO BE A SOCIALIST COUNTRY
- Safety in the Swannanoa village with the street Being removed with no warning
- Safety of citizens
- Senior care
- Stop approving these mega-hotels and mega-apartment complexes at outrageous prices just because the developers have "favor"
- STOP MASSIVE DEVELOPMENT.
- Stopping greedy out of state developers from ruining the county. No more absent Airbnb owners and for God sake no more apartments run by Hawthorne, and other companies that use algorithms to control the rental markets. They are choosing profit over service and should be restricted from doing so.
- Swannanor River and it's tributaries
- The roads need to be widened too many people moving here without adequate infrastructure.
- The water company is stealing money from Buncombe County residents by KNOWINGLY billing erroneously and KNOWINGLY using outdated and malfunctioning meters. This is NOT OK.
- The work of better city's & County-wide openness to provide what is on agenda a head of public meetings.
- Tree protection laws
- Update infrastructure
- WATER DEPT NEEDS NEW PEOPLE AND GET RID OF FLOURIDE
- What has happened to Mission Hospital is criminal and should be treated as such. We have no access to high speed
  internet. We have no cell service and run our phones off Wi-Fi. If we have no decent internet our phone service is
  unpredictable. We are seniors and that puts us at risk if someone is injured or has a medical emergency.

# **Survey Instrument**

Avril Pinder County Manager

#### **Dear Buncombe County Resident,**

We here in the Buncombe County Government are continually striving to make our strategic priorities a reality. In doing so, it's critical that we evaluate the level of service we provide to you across all service areas, whether it's creating a vibrant economy, fostering environmental stewardship, facilitating resident well-being, or any other key community needs. We need your thoughts on issues like economic development, the County's recreational facilities, and how safe you feel in your community. That's why we're reaching out with this survey, and if you could give us 10-15 minutes of your time, your insights will be invaluable.

#### How to participate

Your anonymous answers to the Buncombe County Community Survey will provide Commissioners and staff with vital feedback concerning opportunities and challenges facing our community. Please have anyone 18 years or older in your household complete the survey and return it using the enclosed postage-paid return reply envelope. You may also complete the survey online at <a href="mailto:BuncombeCountySurvey.org">BuncombeCountySurvey.org</a>.

If you have any questions about the Buncombe County Community Survey, please email strategy@buncombecounty.org or call (828) 250-4811.

For us to continually improve how we serve you, we depend on your valuable insights and time. We genuinely appreciate you helping us improve the future of Buncombe County.

Sincerely,

Avril Pinder,

**Buncombe County Manager**
