### GENERAL METHOD OF OPERATION

The general method of operation will be to cut and remove the described debris from the waterway using as many access points as possible. Due to low water levels and natural sandbars in much of the creek, much of the work may be manual operation to cut, load and move along and parallel to the streambank to an ingress/egress point.

### ACCESS TO THE CREEK

1. The identification, access permission, and access point construction will need to stay slightly ahead of the crews working the scope of work.

2. In conjunction with the County, identify desired access points.
3. The Contractor shall obtain Right of Entry access for the access points.
4. Contractor shall mobilize and stage supplies and equipment for access points.
5. Contractor crews to create the access points consistent with the ROE's and best management practice for erosion and sediment control.
  - a. Each location will be evaluated for the following:
    - i. Limiting the removal of vegetation for the access point and movement of equipment along the creek.
    - ii. Means necessary to stabilize slopes
    - iii. Means necessary to reduce or eliminate the transport of erosion and sediments associated with the ingress/egress of equipment.
  - b. Access points will support the efficient, rapid removal of debris.
6. Where necessary a Type II floating turbidity barrier will be established within 100' downstream of the Access Point and then work will occur upstream of the access point. Where the upstream work exceeds 1,500 feet additional Type II floating turbidity barrier will be established.

### **ACCESS POINT RESTORATION**

1. Upon completion of a segment of the river, access points will be restored as soon as the debris removal work for that segment is inspected and accepted by the County.
2. It is the Contractor's intent to restore the access point as quickly as possible in order to reduce the ongoing risk of erosion and sedimentation from the access point.

As a condition to confidential treatment, each page containing trade secret information shall be identified in boldface at the top and bottom as "CONFIDENTIAL" by the Vendor, with specific trade secret information enclosed in boxes, marked in a distinctive color or by similar indication. Cost information shall not be deemed confidential under any circumstances. Regardless of what a Vendor may label as a trade secret, the determination whether it is or is not entitled to protection will be determined in accordance with G.S. 132-1.2. Any material labeled as confidential constitutes a representation by the Vendor that it has made a reasonable effort in good faith to determine that such material is, in fact, a trade secret under G.S. 132-1.2. Vendors are urged and cautioned to limit the marking of information as a trade secret or as confidential so far as is possible. If a legal action is brought to require the disclosure of any material so marked as confidential, the County will notify Vendor of such action and allow Vendor to defend the confidential status of its information.
9. **MISCELLANEOUS:** Any gender-specific pronouns used herein, whether masculine or feminine, shall be read and construed as gender neutral, and the singular of any word or phrase shall be read to include the plural and vice versa.
10. **INFORMAL COMMENTS:** Buncombe County shall not be bound by informal explanations, instructions or information given at any time by anyone on behalf of the County during the competitive process or after award. 13. **SITUS AND GOVERNING LAWS:** This Contract is made under and shall be governed and construed in accordance with the laws of the State of North Carolina, without regard to its conflict of laws rules, and within which State all matters, whether sounding in Contract or tort or otherwise, relating to its validity, construction, interpretation and enforcement shall be determined.
14. **PAYMENT TERMS:** If a payment schedule is not part of The Contract then payment terms will be Net 30 days after receipt of a correct invoice or acceptance of goods, whichever is later.
15. **NON-DISCRIMINATION:** The Vendor will take necessary action to comply with all Federal and State requirements concerning fair employment and employment of people with disabilities, and concerning the treatment of all employees without regard to discrimination on the basis of any prohibited grounds as defined by Federal and State law.
16. **ADVERTISING:** Vendor agrees not to use the existence of The Contract or the name of Buncombe County as part of any commercial advertising or marketing of products or Services. Vendor hereby grants the County a waiver of any right of subrogation which any insurer of said Vendor may acquire against the County by virtue of payment of any loss under such insurance. Vendor agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation. Each insurance policy required above shall state that coverage shall not be canceled, except with written notice to the County and delivered in accordance with the policy provisions. All insurance shall be procured from reputable insurers authorized and qualified to do business in North Carolina and in a form acceptable to the County. The limits of coverage under each insurance policy maintained by the Vendor shall not be interpreted as limiting the Supplier's liability and obligations. Nothing in this section is intended to affect or abrogate Buncombe County's governmental immunity.

- 18. GENERAL INDEMNITY:** The Vendor shall hold and save Buncombe County, its officers, agents, and employees, harmless from liability of any kind, including all claims and losses accruing or resulting to any other person, firm, or corporation furnishing or supplying work, Services, materials, or supplies in connection with the performance of The Contract, and from any and all claims and losses accruing or resulting to any person, firm, or corporation that may be injured or damaged by the Vendor in the performance of The Contract and that are attributable to the negligence or intentionally tortious acts of the Vendor provided that the Vendor is notified in writing within 30 days from the date that the County has knowledge of such claims. The Vendor represents and warrants that it shall make no claim of any kind or nature against the County's agents who are involved in the delivery or processing of Vendor deliverables or Services to the County. The representation and warranty in the preceding sentence shall survive the termination or expiration of The Contract.
- 19. CONFIDENTIALITY:** Any County information, data, instruments, documents, studies or reports given to or prepared or assembled by or provided to the Vendor under The Contract shall be kept as confidential, used only for the purpose(s) required to perform The Contract and not divulged or made available to any individual or organization without the prior written approval by Buncombe County.
- 20. COMPLIANCE WITH LAWS:** Vendor shall comply with all laws, ordinances, codes, rules, regulations, and licensing requirements that are applicable to the conduct of its business and its performance in accordance with The Contract, including those of federal, state, and local agencies having jurisdiction and/or authority.
- 21. ENTIRE AGREEMENT:** This RFP and any documents incorporated specifically by reference represent the entire agreement between the parties and supersede all prior oral or written statements or agreements. This RFP, any addenda hereto, and the Vendor's proposal are incorporated herein by reference as though set forth verbatim.

All promises, requirements, terms, conditions, provisions, representations, guarantees, and warranties contained herein shall survive the contract expiration or termination date unless specifically provided otherwise herein, or unless superseded by applicable Federal or State statutes of limitation.
- 22. AMENDMENTS:** This Contract may be amended only by a written amendment duly executed by the County and the Vendor.
- 23. NO WAIVER:** Notwithstanding any other language or provision in The Contract, nothing herein is intended nor shall be interpreted as a waiver of any right or remedy otherwise available to the County under applicable law. The waiver

by the County of any right or remedy on any one occasion or instance shall not constitute or be interpreted as a waiver of that or any other right or remedy on any other occasion or instance.

- 24. FORCE MAJEURE:** Neither party shall be deemed to be in default of its obligations hereunder if and so long as it is prevented from performing such obligations as a result of events beyond its reasonable control, including without limitation, fire, power failures, any act of war, hostile foreign action, nuclear explosion, riot, strikes or failures or refusals to perform under subcontracts, civil insurrection, earthquake, hurricane, tornado, or other catastrophic natural event or act of God.
