

## Grocery, Retail, Shopping and Multipurpose Trips

Mountain Mobility has divided our service area into Community Service Routes so our customers know what days we will be taking them to grocery shopping, retail shopping, and for multipurpose trips, which refer to personal business and other trips that are non-medical in nature such as hair appointments, banking, etc.

- Grocery trips are provided to the grocery store(s) listed in each community.
- Shopping/Retail trips are provided to the closest major store(s) in or near the customer's community (Walmart, Kmart, shopping centers, etc.).
- Multipurpose trips are provided to the location nearest your residence (for example, if you need to go to the bank, we will take you to the branch closest to where you live).
